1	LOOING FORWARD TO THE NEXT 30 DAYS.		
2	Amazing educational day. I'm so glad I was able to participate. Thank you for arranging.		
3	This was an excellent opportunity and I appreciate the Association and Foundation bringing this to our group.		
4	A great workshop and value to the members. It is a shame it was not more well attended. I would be interested in why people did not participate as well so future thoughts and plans could be made to provide value to the mass of our membership.		
5	Session seemed to drag in the afternoon.		
6	Too bad more members did not take advantage of this outstanding opportunity!		
7	Thank you!		
8	I was really pleased with the entire seminar. I would recommend Ian Hill to colleagues and I am interested to see who you bring in for 2014! Thanks!		
9	I walked away with a ton of ideas.... I took over 10 pages of notes!		
10	This was a great workshop. However, I did not receive the email that we were scheduled to receive this morning from Ian.		
11	Bang for buck was superior! Thank you. I donated a bit to the foundation - would have liked to see a foundation display out in the lobby, with pics (showing "impact")....maybe some donation envelopes? Perhaps I missed it? Thanks for all you do.		
12	Overall it was an outstanding event and learning experience! Great Job!		
13	Ian was one of the best speakers I have seen in a long time. He should be your keynote for next conference		
14	Great training! Thanks to the IPRA staff for putting together such a great learning opportunity!!		
15	I wish more people could've attended. There should have been more of a description and more communication about what the event was. Besides the little post card that went out (and those typically get lost and then forgotten about) and a mention at a meeting, I didn't know much about it. I think a lot of people could've benefited from this event.		
16	I usually do not rate everything as "excellent." However, I can say that in this case, everything truly was excellent. This was the best training I have attended in my 25 years of public service. Thank you!!		
17	You may want to issue a follow-up survey in a month when the participants have completed the "homework" tasks Ian has assigned and makes sure he follows through with the information he had promised to deliver on the website for us.		
18	I am looking forward to the next 30 days -- I like the concept of carrying the training forward.		
19	awesome job! Thank You IPRA.		
20	This was one of the best sessions I have attended, EVER! He made a lot of sense and I appreciate his passion for our field and for continuous improvement. I also appreciate the tools he is providing for the next 30 days to ensure we make a change. I have already shared the information from Friday and am poised to share the information from the website as well. Bring Ian back again, perhaps for conference?		
21	Had some buffering issues so we did miss some of the presentation but nothing catastrophic, just was frustrating when it happened at a time of key information. Could not see the flip chart when referencing it, possibly another camera for this. Could not hear the comments from the group, possibly a roaming microphone. we had an opportunity to text in comments or questions, possibly a handout to all attendees at satellite locations with steps to do that. Great first attempt, will do again!!!		
22	When you start an institute series, you want to hit a home run right out of the box. With Ian Hill, IPRA hit it out of the park. Great job worth every penny. The follow up services with Ian's group is a wonderful value added activity. Brian Sullivan CPRP		
23	Great workshop. Wish a lot more people had been there to hear Ian's message.
