

# GMA-ACCG Regional Workshop Series: Managing Rights of Way in the Wireless Age

ACCG and GMA are co-hosting a Regional Workshop series to inform local officials about telecommunications issues in Georgia, including the technology and equipment needed to provide wireless and fiber broadband service to Georgia's urban and metro areas, current telecom law, franchise and right-of-way agreements, and federal and state legislation. Workshops are ideal for city and county elected officials, local government managers, clerks, public works staff, and city and county attorneys.

**There is no cost to attend.**
