

The Bergen International Diving Seminar 2017

15th to 16th of November
Clarion Hotel Bergen Airport

Sharing Best Practise by Meeting

2017 Topic: Smarter Solutions to address the industry's future

NUI will on behalf of *The Association of Operators for Hyperbaric Lifeboat Reception Facilities* repeat the success by arranging the 25th Bergen International Diving Seminar.

The Seminar was established by the Norwegian operators on the Norwegian continental shelf and has always been popular with a strong track record for its performance and exchanges of information and competence to all parts of the subsea industry.

The Diving seminar is the professional and academic meeting place for the commercial diving industry, and it is also a valuable arena for networking.

The Diving Seminar will have an area for exhibitors.

The Diving seminar in 2015, counted over 200 participants and exhibitors from all over the world.

The Bergen International Diving Seminar is arranged by NUI AS on behalf of The Association of Operators for Hyperbaric Lifeboat Reception Facilities:

Bergen, 15th and 16th of November 2017
