

UF SCASLA SEPTEMBER 2016 RECAP

SCASLA members hanging out at Park(ing) Day after the morning setup

PARK(ING) DAY

This year's Park(ing) Day can be counted as another successful event for UF's SCASLA. With our location being a prime spot downtown, many people's interest were piqued when they noticed parking spaces being used alternatively as green spaces. We would like to give a special thanks to our guest masseuse/violinist for contributing his time to the event.

Multnomah Falls in Portland, OR

PORTLAND FIELD TRIP

The third-year class and some other guests attended the Portland field trip on the week of the 19th. Students were able to gain knowledge about Portland's innovative stormwater treatments and enjoy the sites of the city.

COMMITTEE MEETING

The Skate Park committee and the Irby Reading Garden committee have been collaborating to create designs for their respective sites. The Skate Park committee will be designing the green space of a skate park downtown, while the Irby committee will be designing an outdoor classroom for an elementary school.

ACCREDITATION VISIT

Students and staff have been preparing for this year's accreditation visit. Students are enhancing their studio spaces and will be interviewing with the accreditation staff. This will provide an excellent networking opportunity for students.
