

ASID | NCIDQ EXAMINATION PREP

STEP Workshops for NCIDQ Exam Preparation

**March 11, 2011 –March 13, 2011
Mesa Community College**

The STEP workshop is periodically conducted nationwide and is comprised of 20 hours of instruction over a 2 1/2-day period. Participants have the opportunity to experience practice exams patterned after the newest NCIDQ and, with the guidance of experienced instructors, determine which areas require further preparation. Workshop participants are provided with a comprehensive workbook that includes practicum exercises and multiple-choice sections similar to those in the NCIDQ exam. These practice tests are administered and thoroughly reviewed during the workshop. The workbook also includes helpful practice exams that participants may take home with them.

Participants are encouraged to have their STEP workshop experience 4 – 12 months prior to taking the NCIDQ exam. This allows sufficient time for resources to be acquired and skill areas requiring further preparation to be fully studied.
