

HOW TO STAY CURRENT WITH CEU REQUIREMENTS

With the state of the economy in a down cycle, everyone is working to spend their time and funds wisely. The upcoming CEU Symposium is a great opportunity to do just that, and it's almost here! Get ready for a productive and fun filled day on April 3rd to earn CEU's, interact with vendors, have lunch, and network with other friends and designers. Take advantage of this time to make some new friends and contacts in our great community!

ASID members feeling anxious about staying current with their credits should be among the first in line to register for this terrific event on April 3rd in Richmond. In one fell swoop, you can earn .4 of the .6 credits required before the end of the year! Don't wait until the last minute and find yourself in a bind. ASID Virginia is ready to help our members stay on the cutting edge of design and keep up with national education requirements.

Do you and your business need a "shot in the arm"? Our dynamic and energetic Distinguished Speaker, Angela Merola, will be offering an interactive session on **"Techniques to Dramatically Improve Your Client Relationships....and Profits!"** Angela is a business and life coach whose session will provide practical help to everyone ready to move their business forward in a positive way. Who wouldn't want to do that?

Additional CEU sessions will be provided by Cindy Donn of Herman Miller and Janet Davis of Steelcase. Cindy will be presenting "Making Space for Innovation", and Janet will present "Generations at Work". These additional sessions are worth .1 CEU each. It's a great lineup that should have something of value for every designer, no matter what your specific design specialty may be. Registration is available online at www.asidva.org. If you have additional questions regarding the specifics of CEU requirements, more information is available at www.asid.org.
