BOARD NOMINATIONS 2014-2015

The 2014-2015 slate of candidates for ASBO MD&DC Board of Directors has been announced and we thank the candidates for their willingness to serve on the Board. You will note that there will now be six Directors-at-Large, an increase of two over the current number. Craig Blackwell's and Vince Tolbert's, current Directors-at-Large, names do not appear below because they currently are serving a two year term. This has been done to provide a more diversified representation on the Board to ensure that more of the eight core disciplines of our membership are represented. One of the new Director-at-Large positions (Chris Hauge has been nominated for this one) will serve a one-year term this year rather than the normal two-year term. Chris, however, will be able to run for a full two term in 2015. Members will be asked to vote at the Spring Conference to adopt the amendment to our Constitution and Bylaws to authorize these two new Board members. In order to implement this change for 2014-2015, the Board has acted to select nominees for the two new positions in anticipation that the membership will approve the amendment.
