

# New Silica Standard Training

*a complimentary safety training program*

**BUILDERS**

AGC CHARTER CHAPTER

**When:** Thursday, June 9<sup>th</sup>, 8AM -10AM **Where:** 8430 W. Bryn Mawr Ave., 1<sup>st</sup> Floor Conference Room, Chicago, IL

Attend this free Builders Association's training session on the New Silica Standard and learn the history of this Standard, health effects of silica exposure, contents and provisions of the standard, and compliance options to ensure your company is properly prepared.

OSHA estimates that when the final rule on Occupational Exposure to Respirable Crystalline Silica becomes fully effective, it will save more than 600 lives annually and prevent more than 900 new cases of silicosis - an incurable and progressive disease - each year.
