7065 Veterans Blvd.
Burr Ridge, IL 60527

MCA Construction Education Institute ®, Burr Ridge

This two-week course fulfills re-certification requirements of the Certified Testing, Balancing and Adjusting Bureau (CTBAB) and the National Environmental Balancing Bureau (NEBB). Attendees are encouraged to submit testing and balancing problems that they have encountered in the field to be discussed in class.

Confirmation will be sent prior to class date.

Please check here if you require accommodations under the American with Disabilities Act

MCA Chicago occasionally videotapes, records or photographs at educational offerings for the purpose of responsibly promoting the association and/or attendance at future programs. By attending this class you agree to allow us to use your name and likeness for such purposes
