

# LED Advantage Member Program

Brought to you by the Lloyd EcoDistrict, with support from BOMA Oregon, this triple bottom line program provides unprecedented access to discounted volume pricing on LED products

Office Buildings

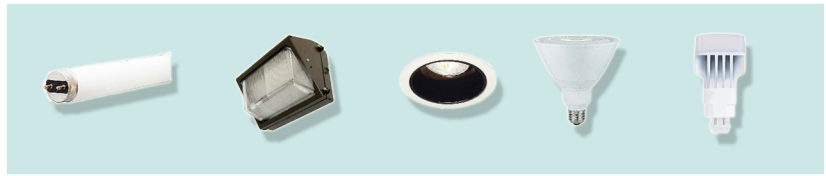

Restaurants

Hotels

Retail

## Wide Array of Interior and Exterior LED Lighting Solutions!

- LED Tubes Replace T8 Fluorescents
- Interior and Exterior Fixtures
- Downlight Can Retrofit Kits
- A19, MR16, PAR, BR, Candelabra
- 2- and 4-Pin PL Lamps

**EAST WEST COLLEGE** - "It's a win-win good business decision that helps the environment."

### The Economics

- Up to 80% energy savings.
- Maintenance saving from 25-50,000-hour LED life.
- Extra rebates result in **no-cost** or **low-cost** LEDs.

## The LAMP Process

**Lloyd EcoDistrict is partnering with Quantum Energy, our team of lighting experts, to provide a streamlined process for purchasing these LED solutions.**

### 1 Meeting

Our team meets you on site and conducts a lighting audit with your building engineer or manager.

### 2 Proposal

Our team prepares a formal project proposal, in compliance with your requirements, providing detailed ROI analysis and coordinating Energy Trust rebates.

### 3 Installation

Our team installs agreed lighting or coordinates with your contractor, manages disposal and cleanup.

### 4 Done!

Our team conducts post-installation commissioning to ensure your lighting is operating as intended so you can sit back and enjoy your energy-efficient LED lighting!

**COLLIERS** - "We are all so busy so when someone comes in and does the paperwork ... it really makes it possible to move forward."

**Contact Us Today to Schedule an Assessment!**
