Low Impact Strategies for Ant Control: An Industry – DPR Alliance Conference

November 19, 2009

University Extension Center
1200 University Ave.
University of California
Riverside

Directions to University of California Riverside

From 91 Freeway: Take the 91 Freeway East to the 60 Freeway East. Exit at University Blvd. and turn right. Go to the second light and make a Left into the Extension Center.

From 60 Freeway: Take the 60 Freeway East. Exit at University and turn right. Go to the second light and make a right into Extension Center.

From San Diego County: Take the 15 Freeway North to the 215 North and then the 60 freeway West. Exit at University Avenue and turn right. Go to the second light and make a left into the Extension Center.

Parking: Parking is available behind the Center in the parking structure or adjacent lot. Permits will be available at the registration desk.

Purpose

This day-long conference is for professionals in the structural pest control industry. The conference is designed for those supervisors, managers, directors, and others that design and implement ant IPM programs in their companies. Current applied information and practical experience from industry leaders will be covered.

Topics

A range of topics for the decision maker and user will be addressed. In a casual classroom setting, hear about potential regulatory and pesticide water runoff issues that affect you. Listen to the latest research and low-impact approaches that can help you control urban pest ants. Join in and participate in the panel discussion.

Educational Credits

Please check our website after October 1, 2009, for credits being offered by the California Structural Pest Control Board, the California Department of Pesticide Regulation.

Our website is:

<http://groups.ucanr.org/UrbaAnt/>

<http://insects.ucr.edu/events/>

You must sign in at the credentials table with your license number in order to receive credits. A test will be given at the end of the conference for CEU credits.

Thursday, November 19, 2009

7:45 Registration and Coffee
8:30 Welcome: Donald Reiersen, UCR
8:40 History and Goals of the ANT PMA: Dr. Michael Rust

Why-what the pesticide runoff issue is all about

8:55 Dr. Mark Robertson, C DPR: "DPR and its clean water mandate, and why a 50% reduction in pyrethroid use"
9:25 Dr. Jay Gan, UC Riverside: "Results and implications of urban pesticide runoff studies"
9:50 Dr. Cheryl Wilen, UC IPM: "PMP and homeowner use of pyrethroids"
10:10 Break
10:40 Dr. Darren Haver, UC Coop. Extension: "The good, bad, and the ugly: urban irrigation affects pesticide runoff"
11:00 Dr. John Klotz, UC Riverside: "Ant control field studies: baiting and targeted treatments"
11:25 Dr. Les Greenberg, UC Riverside: "Residential water runoff studies"
12:00 Lunch

What PMPs can do- and how

1:05 Dr. Michael Rust, UC Riverside- "organizational design of the PMA, outdoor pests and customer surveys, and data supporting reduced pyrethroid approach."
1:15 Herb Field, Lloyd Pest Control
1:30 Pat Capps, Orkin Exterminating Company
1:45 Keith Willingham, Western Exterminator Company
2:00 Darren Van Steenwyk, Clark Pest Control
2:15 Break
2:45 Corky Mizer, Corky's Pest Control
3:00 Charles Payton, A-Pro Pest Control
3:15 Panel discussion, Donald Reiersen
3:45 Closing Comments
Test for CEU credits

Registration

\$40.00* per person postmarked on or before November 14, 2009 (includes lunch)

*\$45 per person after November 18 and at the door.

No refunds will be issued.

Make checks payable to: UC Regents
(No credit cards accepted)
