

3rd Annual Construction Career Day Event!

On October 30, 2013, Construction Education Foundation (CEF), TEXO's training arm, will team up again with NCCER's (National Center for Construction Education and Research) Build Your Future initiative and North Lake College to host the third annual Construction Career Day event in Irving, Texas. This event will highlight the national Careers in Construction Week that *Build Your Future* has established annually for the past 16 years.

The event will be held at the DFW Education Center, located at 1401 West Royal Lane, Irving Texas 75063, 1 block west of Freeport Parkway (parking on 14th street), from 9:00 AM until 3:00 PM.

Last year, over 700 students representing 35 north Texas high schools spoke with local employers in the construction industry, watched equipment and welding demonstrations and visited booths representing various professions in construction.

The event was sponsored by over 35 exhibitors, vendors, suppliers, and contractors, and over 100 construction industry members volunteered.

NASCAR driver, David Starr, will be back as our guest speaker, along with his show truck. The local Craft Championship competition will also be held at this event, showcasing some of CEF's finest craft students!

You can help by becoming a:

- Financial Sponsor
- Exhibitor/Sponsor
- Event Volunteer

It is events like this that are instrumental in changing the image of the construction industry, boosting recruitment and ultimately narrowing the skills gap in America.
