

Your Voice Was Heard, Speak Again

The strength of your voices is why you should join us next month at Advocate, renamed from NAA Capitol Conference and Lobby Day, at the Grand Hyatt in Washington, D.C. Your members of Congress want and need to hear from their constituents - and that makes you a valuable source of knowledge and insight. Whether a seasoned advocate or newcomer, all it takes is passion for the industry and a willingness to learn about the issues before meeting with your legislators.
