Opening Speaker
Frank Miles

Laugh at Fear!

Frank Miles's presentation was inspired by an extraordinary event. His exciting and hilarious presentation will inspire you to jump to the next level in your own professional development. After 20 years as a successful variety comedian, he died in a hang gliding accident and was revived by emergency room doctors. True courage, he came to realize, is not facing death in daredevil pursuits—true courage is facing life.

Closing Speaker
Toni Blake
