"Every year I look forward to heading up to Tallahassee to lobby on the behalf of FAA. It's such a rewarding experience to know that I can have an impact on passing or amending a bill for the betterment of our industry."

STACEY STUART, CAM CAPS, Senior Property Manager for The Bainbridge Companies and FAA President

"In an effort to support our industry, I've attended FAA's Legislative Days for many years now. Participation in this process is so vital and it is critically important to get "face time" with our legislators and their staff to ensure they fully understand our industry's needs. It makes a huge impact when the message is clear, concise and shared by a good united front. See you all in Tallahassee in 2014!"

Ron Wenzel, NALP, CAM, CAPS, ARM, CPM, Senior Regional Property Manager for Greystar Multifamily Services and FAA Incoming President & Legislative Chair

"I really get excited about Legislative Days because it is my chance to help our industry and to educate myself about our government. I learn more each time I go but more importantly if you do not get involved you cannot make a change. I also feel like our group gets stronger when we go as a team."

Doug Mills, Vice President for Twin Image, Inc. and FAA Associates' Vice President
