

# TRIBE TRANSPORTATION

*"A Native American Woman-Owned Business"*

## COME TO WHERE QUALITY AND RELIABILITY MEET VALUE.

We are proud to announce our continued partnership with Transport Security, Inc and The ENFORCER®. Product integrity is critical within the transportation industry and layered security has become our primary focus through our GDP protocols as we strive to become industry leaders in the transportation of food products, healthcare, biotech, government and life science products; protecting and safeguarding our customers shipments will remain our highest priority.

Tribe is a high-service focused carrier specializing in temperature-controlled transportation, based in Gainesville, GA. Our name comes from our co-founder and CEO, Joy Cain-Handte, who is a proud member of the Eastern Band of Cherokee Nation. That fact, along with an experienced staff, professional drivers, world class equipment and an exceptional management team, makes us the fastest growing Woman-Owned, Native American, Certified Minority, Transportation provider in North America.

## SERVICES:

Validated Temperature-Controlled · Company Fleet · Layered Security · Team Service · Live Temperature Monitoring · Comprehensive Validation Process · GDP Compliant · Customer Specific SOP · Highest Care Standard · Transparent Data · Thermal Mapping Testing
