# ARC Document Solutions®

Happy Hour and Technology Show
### Thursday, February 26th | 5:00 to 7:00pm

Come see how the construction industry here in Houston and across the country is using our technologies to finish their projects ahead of schedule and under budget.

not, by any means, to scale

Saint Arnold Brewing Co.
2000 Lyons Avenue
Houston, TX 77020
(713) 686-9494

Please RSVP by February 19th
texas.marketing@e-arc.com
or 713-953-2346

Newly Launched:

SKY**SITE**™

The first document management solution for construction

SKYSITE's construction grade syncing technology guarantees your team is always working on the latest set of documents from any device, from anywhere, at any time.

Also Featuring:

iBIM
ARC can support your BIM project requirements from Project Constructability Modeling to Facility Operations Modeling.

Archiving and Information Management (AIM)
Convert your inefficient paper archive into a word searchable Cloud archive with mobile accessibility.

Hyperlinking
ARC Hyperlinking technicians can link PDF construction documents of all kinds to save your project team hours of time searching through files and folders.

Managed Print Services (MPS)
Let ARC optimize your office and construction site print environments and cut 30% or more off your current printing costs.

ARC is a proud member of

AGC Houston
