

THE KINGDOM BUILDERS' CENTER CONSTRUCTION CONTRACTORS' COLLEGE

Houston Area Contractors—it's time to attend Construction Contractors' College so you can be prepared to get in on the **\$6-\$8 billion** worth of public agency construction projects that will be released over the next 24-36 months. Most of the municipal contracts will have **Minority, Women, Small Business Enterprise and Historical Underutilized Business** participation goals ranging from 21% to 38%. There is a high demand for Construction Contractors who are Ready Willing and Able to go to work.

So, are you Ready Willing and Able? If not, apply for one of the 15 free spaces in The Kingdom Builders' Center Construction Contractors' College so the construction industry specialists can help you get ready over the 20-week course.

Prime Contractors are going to need MW/SBE and HUB subcontractors who provide commercial concrete, plumbing, H-VAC, drywall, finishes, underground utilities, electrical, painting, windows, doors, etc.
