

## WATER INFRASTRUCTURE NETWORK

July 11, 2018

### **WIN Statement for the Record**

#### **“Strong Support for SRF WIN Act Leveraging of Federal Funding”**

The Water Infrastructure Network, a coalition of the nation’s leading construction, engineering, municipal, conservation, public works, infrastructure finance, labor and manufacturing organizations, strongly supports the Securing Required Funding for Water Infrastructure Now Act - the SRF WIN Act and the bipartisan work of the Senate Environment and Public Works Committee to maximize the leveraging of finite Federal water infrastructure dollars. Today’s Hearing marks an important step toward dramatic increases in Federal Funding for the Clean Water Act and Safe Drinking Water Act State Revolving Funds.

Providing State Finance Authorities WIFIA loans is the most effective and efficient means for the Federal Government to support thousands of water and wastewater construction projects in communities of all sizes. The national organizations strongly supporting utilization of WIFIA leveraging to assist in financing the existing state run SRF programs include:

- **American Council of Engineering Companies – ACEC**
