

## What's your vision for agriculture?

FCC Vision, our national agriculture research panel, is looking for new members to help shape the future of agriculture. This is your chance to share your ideas and opinions about Canadian agriculture and how FCC can serve our exciting, growing industry.

You don't have to be an FCC customer to join Vision. Vision panelists come from all levels of production, agribusiness and agri-food, ag studies or have a business associated with agriculture.

### **Get rewarded for your time**

Participate in one to two surveys a month and earn Vision Reward Points – points you can redeem for gift cards. We'll share these survey results so you're always in-the-know.

Ready to be heard, get involved and influence change?
