#### **ASABE ADOPTS INTERNATIONAL STANDARD FOR HYDRAULIC COUPLERS**

ST JOSEPH, MICHIGAN— The American Society of Agricultural and Biological Engineers (ASABE) announces the adoption of an ISO standard, ANSI/ASABE AD5675:2008, Agricultural tractors and machinery — General purpose quick-action hydraulic couplers.

An identically titled ASABE standard, ANSI/ASAE EP366.2, was used as the basis for the ISO standard and was replaced with the adoption.

The adoption further harmonizes national and international standardization, a goal that facilitates manufacturing, safety advancements, and product marketing worldwide.

ASABE members with standards access and those with site-license privileges can access the full-text of the standard by electronic download in about six weeks. Location for the download is on the ASABE online Technical Library at: [elibrary.asabe.org](http://elibrary.asabe.org). Others can obtain a copy for a fee directly from the library or by contacting ASABE headquarters at [OrderStandard@asabe.org](mailto:OrderStandard@asabe.org).

ASABE is recognized worldwide as a standards developing organization for food, agricultural, and biological systems, with more than 250 standards currently in publication. Conformance to ASABE standards is voluntary, except where required by state, provincial, or other governmental requirements, and the documents are developed by consensus in accordance with procedures approved by the American National Standards Institute. For information on this or any other ASABE standard, contact Scott Cedarquist at 269-932-7031, [cedarq@asabe.org](mailto:cedarq@asabe.org). A current listing of all ASABE standards projects can be found on the ASABE web site at [www.asabe.org/projects](http://www.asabe.org/projects).

ASABE is an international scientific and educational organization dedicated to the advancement of engineering applicable to agricultural, food, and biological systems. Further information on the Society can be obtained by contacting ASABE at (269) 429-0300, emailing [hq@asabe.org](mailto:hq@asabe.org) or visiting [www.asabe.org/](http://www.asabe.org/).
