Connect Energy is an independent supplier of natural gas based in Saskatoon. Since 1987, Connect Energy has been helping hospitals, nursing homes, schools, multi-unit residential complexes and businesses purchase gas in the wholesale market. More than 5,000 facilities around the provinces are currently being supplied by Connect Energy at prices that are up to 25% lower than other energy company's current gas sales rate. Customers know exactly what price they will pay for the contract term they choose, with no surprises. At this time only SK members can utilize this benefit.
