FOR IMMEDIATE RELEASE

Rem Enterprises Inc. Announces Retirement of Frank Rempel and Bob Sonntag as Successor

Frank Rempel, founder and President of Rem Enterprises Inc. has announced the finalization of a shareholder agreement and is now retiring. Bob Sonntag, GM for the past 12 years, has acquired all shares and will continue to lead Rem.

Bob is a board member of FEMA and Rem has been a member since November 1980. Bob promotes the same faith-based principles that have comprised the corporate culture of Integrity, Character and Honour since the beginning of Rem. "Frank and Helen's legacy provides a great foundation of faith and values to build on. Rem is changing fast and building a great team for the future." –*Bob Sonntag*

Rem Enterprises Inc. is an agriculture manufacturer based out of Swift Current, Saskatchewan, Canada, with a branch plant in Shenandoah, Iowa. Rem builds their proprietary GrainVac and Delta Flexible Harrow lines, in addition to an ever-expanding custom wire, blowers and steel fabrication business. Founded in 1966, Rem has grown into an international organization with product sold worldwide. More information can be found on the company's website at www.rementerprisesinc.com.
