S3 ANNOUNCES NEW LEADER FOR S3 MANUFACTURING & S3 BLOWERS

S3 Enterprises welcomed Al Marques as General Manager for S3 Manufacturing and S3 Blowers in Swift Current, Saskatchewan on April 4th.

“Marques’ unique background in metallurgy and air flow technology is a strong complement to these two S3 business units in particular,” comments Richelle Titemore, CEO.

Marques is a 25-year professional in business development, providing strategic initiatives and operational structure for global companies including Howden Alphair and EagleBurgmann Canada. Marques explains what inspired him to uproot from the centre of Canadian industry:

“In today’s business culture, S3 is a refreshing blend of high corporate values and strong business morals. These two primary motivators played heavily into my decision to join the organization and relocate my family to Saskatchewan.”

As a part of the S3 family of companies, S3 Manufacturing and S3 Blowers bring 50 years of experience to the farm equipment industry. For more information about S3, visit www.S3enterprises.com.
