

SPFA Member Benefits

SPFA knows there are lots of organizations out there that would like to have you in their membership. But if you are in, or getting into, the sprayfoam business, we are the place for you. We work hard to represent you well and give you value back for your support.

Major discounts for everyone in your company **UP TO 25%** on SPFA Annual Convention and Expo attendance, and **UP TO 28%** on exhibit booth fees, AND you must be a member to submit a project for your chance to win one of the *SPFA Annual Contractor Excellence AwardsSM*, with crystal award and banner resented at the convention, along with a press release kit and an article about your project written in the Sprayfoam Professional Magazine.

Major discounts for everyone in your company **UP TO 40%** on SPFA Professional Certification Program testing and enrollment fees. The amount of money you save from just one or two people completing all four levels of testing could wash the cost of your membership for the entire year. That way you get certified, and your savings cover the cost of your membership! Plus you get a fancy wallet card with your picture and a statement of your certified status!

Access to our professional staff representing **Technical Services** (to answer your technical questions or help find solutions) including all of SPFA's AY Technical Documents, **PCP Certification Services** to help guide you through the process and get certified, **Member Services** to keep you connected with the industry, resources and people you need, and **Advocacy and Partner Services** to help you deal with legislative and regulatory issues, and extend your reach to the organizations that help you build your business.

Opportunity for you and all the employees of your company to benefit from the expertise and foresight from, and participate on any number of **SPFA's committees**, including the Building Envelope Committee, Roofing Committee, Certification Quality Assurance Program Committees, new SPF Safety Committee and more. Even if you can't participate directly on the committees, they are doing the hard work of the industry as a result of your continued funding. Plus, they are always happy to take questions from members looking for answers!

SPFA Member Benefits

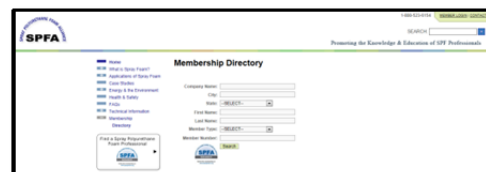

Receive SPFA's quarterly publication *Sprayfoam Professional Magazine* bringing all the important information of the industry to you, bi-weekly newsletters, and emails letting you know of breaking and important developments in the industry that could affect you.

Use of the **SPFA Member Logo** which embeds your specific **Member ID#** so that it is uniquely yours. This prevents your competitors from using the SPFA logo to imply they are members when they are not. Show your support and how you stand out from the crowd through your industry leadership in your association.

Get your listing on the SPFA website as a member company, as well as your company listing in the Annual SPFA Membership Directory and Buyers Guide.

Influence. Knowledge. Awareness. Professionalism.

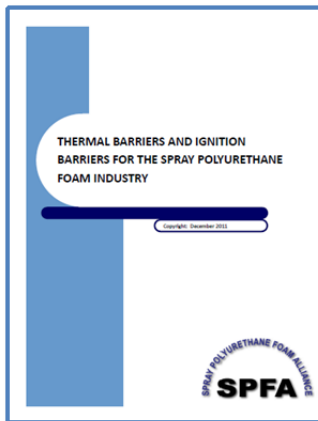

SPFA is committed to you. Your success is our success, and ours is yours. We work every day to keep the industry moving with the focus being on benefit to you, our member.

If you have questions on any of the benefits listed above, or any other aspect of SPFA, please contact us directly at lisasmith@sprayfoam.org.

RENEW NOW TO GET:
