

Harold C. Mullen
Executive Vice President

**TEXAS ASPHALT PAVEMENT ASSOCIATION
SCHOLARSHIP PROGRAM**

The Texas Asphalt Pavement Association solicits your recommendation for potential recipients of its Civil Engineering Scholarships. This program is solely funded by the TXAPA "Ron Flanagan Scholarship and Education Live and Silent Auction" that takes place each year at the Association Annual Meeting.

The scholarship requirements are attached, along with a recommendation form to be returned to the Texas Asphalt Pavement Association. The nomination form must be received by October 26th.

We are most interested in a solid student, sophomore level or above, who has demonstrated an interest in this field through their choice of summer or part-time employment. This student should also be attending an accredited university in the State of Texas. The grade point average is not significant as long as the student is solid and consistent. We want those students who may very likely pursue the road building industry as a career in Texas after completion of their education.

If you have such a student employed by your organization, or know of such a student, we would appreciate your recommendation of that student. Please contact this office with any question you might have. **Recommendations** must be received by **October 26**.

Sincerely,

Stephanie Buckberry
Administrative Assistant
TXAPA

**TEXAS ASPHALT PAVEMENT ASSOCIATION
SCHOLARSHIP PROGRAM**

The Texas Asphalt Pavement Association will award scholarships to Civil Engineering, Construction Science, or Technology students qualifying under the Association program. Recommendations for qualified recipients are solicited from industry and university representatives. The Board of Directors will provide scholarship applications to each student recommended, and will carefully review each application received prior to awarding the scholarships.

SCHOLARSHIP REQUIREMENTS

1. NAME: The Texas Asphalt Pavement Scholarship.
2. NUMBER: A maximum of 8 scholarships will be awarded annually.
3. AMOUNT: A total of approximately \$1,500.00 shall be awarded to each recipient.
4. TYPE: Annual.
5. EFFECTIVE: September of 2012 - July 2013 academic year.
6. RECIPIENT: Full-time student regularly enrolled, at sophomore level or above, pursuing a baccalaureate or graduate degree in Civil Engineering/Construction Science/Technology.
7. SELECTION OF RECIPIENT: Application by student to be made directly to the Texas Asphalt Pavement Association. Final approval of selection to be made by the Board of Directors of the Texas Asphalt Pavement Association after receipt of personal and scholastic data of all applicants and based on the recommendations of industry representatives.
8. SELECTION CRITERIA:
 - A. Student must be a citizen of the United States and a resident of the State of Texas.
 - B. Student must have a creditable academic record, and demonstrated a strong interest in the hot mix asphalt field.
 - *C. Preference will be given to those students who have demonstrated an interest in the hot mix asphalt field through their choice of summer, or part-time employment.
 - D. The student must re-apply for the scholarship each year. Upon final approval of the recipient by the Association Board of Directors, TXAPA will notify the student(s) selected and the recommending industry or university representative.
