**UTILITY ARBORIST LEADWORKER**

The City of Alcoa, TN is seeking a Utility Arborist Leadworker to manage the vegetation management program of the Electric Department, a utility serving over 28,000 metered customers in Blount County in a service area that varies greatly with respect to terrain, etc. The Arborist will coordinate and oversee the work of contractor and City crews in the management of trees, brush, and other vegetation in an effort to decrease power outages and improve the operations of the utility's transmission and distribution system.

Minimum of three years of utility vegetation management experience required. Education qualifications include high school graduate or equivalent, post-secondary education in forestry, arboriculture, or related field preferred. Starting level and salary are dependent on experience and qualifications.

Persons interested in this position may view the complete job description and obtain an application on the City website at [www.cityofalcoa-tn.gov](http://www.cityofalcoa-tn.gov) (under departments, Human Resources, job openings) OR visit the City of Alcoa Municipal Building - 223 Associates Blvd, Alcoa, TN. Applications, along with resume and desired salary requirements, must be submitted no later than 4:30 p.m., June 30, 2017, to the City of Alcoa, 223 Associates Blvd., Alcoa, TN 37701 – Attn: Melissa Thompson.

The City of Alcoa is an Equal Opportunity / Affirmative Action employer & Title VI compliant. **No phone calls please.**
