

Job Opening
General Manager
City of Trenton, TN Light & Water Department

The position of General Manager will entail exceptional management and leadership of a small municipally owned multi-service public utility system, including water, wastewater, and electricity services.

Applicants should have a minimum of a four-year degree in engineering, business, or a related field from an accredited university and 5 years of experience in progressively responsible positions, Senior Management level experience a plus.

The job requires high-level written and oral communication skills and the successful candidate should be effective in establishing relationships with the Board, employees, customers, and local leaders. An applicant's resume should include a summary of education, work experience and accomplishments relevant to the position and complete contact information for three work references and two personal references.

Community involvement and leadership within the community should be referenced and salary history and salary expectation should be included.

The City of Trenton, TN is an Equal Opportunity Employer. Submit resume by March 1, 2018 to: Trenton Light & Water Dept., ATTN: JENNY CORBIN, PO Box 260, Trenton, TN 38382
