CELEBRATING 100 CENTENNIAL BOOK

Carolinas AGC was founded in 1920 to serve as a single voice to advocate for, help grow and connect the Carolinas' construction industry. The association has had an ambitious agenda, successfully fighting for the interests of the industry and the region.

What the next 100 years holds for commercial construction is anyone's guess, but one certainty is that Carolinas AGC will be there, playing a key role in ensuring the sector's continued success.

Help us celebrate our centennial by including a congratulatory message in our Centennial Book, Celebrating 100. This milestone publication will be delivered to AGC members and construction influencers across the Carolinas.

This is a unique opportunity to be part of a special edition, keepsake book. Show your support by placing a congratulatory message in Celebrating 100.
