

CPG Building Products Partners with Mcllveen Lumber Industries (Alta)(2012) Ltd. to Distribute the Full Line of AZEK® and TimberTech® Products in Alberta and Saskatchewan, Canada

CPG Building Products announced that Mcllveen Lumber Industries (Alta 2012) Ltd. will distribute the full line of AZEK® premium, low-maintenance, exterior products in Alberta and Saskatchewan, Canada. Already a successful distributor of TimberTech composite decking, railing and accessories, the Calgary and Edmonton locations will begin stocking all AZEK product lines immediately. The full offering of AZEK products includes AZEK Trim, the leading brand of low-maintenance trim; AZEK Deck, the leading brand of cellular PVC decking; AZEK Rail; AZEK Mouldings; AZEK Porch; and the newest product – AZEK Pavers, a revolutionary composite paver that is reinventing the paver market.

The two industry leading brands, AZEK Building Products and TimberTech, were recently united to create CPG Building Products. “From Mcllveen’s strategically located branches, they will be able to provide customers throughout Alberta and Saskatchewan with our full suite of outdoor solutions that are proven to perform well in all types of weather,” said Jason Grommon, President, CPG Building Products. “We feel strongly that Mcllveen, with their experience selling value-added products; can help us elevate both brands in these areas that can really benefit from low-maintenance products.” “We partnered with TimberTech, a brand and innovation leader in low maintenance outdoor living products, back in 1998 and are very pleased to be able offer our customers another very strong brand in AZEK Building Products” says Tim Snell, Sales Manager for Mcllveen. “The addition of AZEK allows us to offer the widest selection of decking, railing and lighting, accessories, pvc trim and mouldings and recycled pavers to our customers in Western Canada. With consumer expectations on the rise, TimberTech and AZEK have continually delivered on innovation and quality throughout their product offering and we’re proud to be a part of this moving forward.” Headquartered in Calgary, Alberta, Canada, Mcllveen is known for providing high quality lumber and building materials through its distribution centers since 1972.

About CPG Building Products:

Leading the development of premium, low maintenance, exterior building products, CPG Building Products makes and markets the AZEK® and TimberTech® brands to a worldwide audience. With products that offer tangible benefits over traditional building materials, the AZEK and TimberTech product lines span Trim, Decking, Railing, Moulding, Porch, and Pavers backed by more than two decades of manufacturing experience. Both brands, synonymous with quality and innovation, lead their market areas by continually reinventing product lines and redefining entire product categories.
