Castle Building Centres Group Ltd., President - Ken Jenkins released this industry announcement today:

Quebec Region shows no signs of slowing down!

August 13, 2013 - Mississauga, ON.

The Quebec region continues to enjoy a steady growth in member locations. Castle Building Centres Group Ltd. is pleased welcome a brand new member location in Quebec; Seaside Supply.

This unique seaside Castle location is situated in the town of La Tabatiere in the Lower North Shore of the Gulf of Saint Lawrence and has provided a diverse selection of supplies to the many fishing and trading vessels that come into shore as well as local contractors and do-it-yourselfers.

Owner-operator John Vasher originally opened the doors back in 2006 and his unique business model has been a staple in the community for many years. Seaside Supply is well known to the local population of 400 as the general store selling not only food and gift sundries but hardware, LBM and decor products.

John is looking forward to this new chapter and the freedom and buying power of the Castle Building Centres Group, and what it will mean to the growth of the local community.

“Welcome to the family.”
