TIM-BR MART Group Merges Buying Shows

April 25, 2014 (Calgary, AB) – In response to dealer input, TIM-BR MART Group is merging the Chalifour Canada Retailer Buying Expo with the TIM-BR MART National Buying Show, scheduled for February 20 & 21, 2015, in Toronto.

The merger of these two events will bring many synergies to customers and vendors who attend both of these events annually. “We believe that the industry – retailers and vendors alike – will welcome the merger of these two events,” said Randy Martin, VP Business Development.

In lieu of the Chalifour Expo, the company will be holding a “virtual show” for customers and vendors that will showcase seasonal promotional buys and bookings. The company will release more details about the virtual show as they become available.

In operation since 1967, TIM-BR MART Group is the largest buying group for Independents in Canada. It is a member-owned organization serving building material and hardware retailers, commercial dealers and manufacturers. TIM-BR MART Group exists to help Canadian entrepreneurs involved in the sale of building materials and hardware be more profitable.
