## Our Mission Statement

To offer our clients an expansive and diverse suite of products that will fuel the success of their business while developing a long-standing relationship through outstanding service and support.

## Trust In Every Transaction

Global Payments integrates over 4 decades of expertise to provide MSI Canada customers with the highest levels of security, the robust stability of our business, our world class responsiveness, and our global reach

into every transaction. Transactions you can trust. Trust that touches everyone we work with and for... and the reason we developed an advanced mission statement that reflects these attributes.

**The VeriFone Vx570** is a top of the line countertop solution that combines powerful performance and speed with high-level security features to provide exceptional payment processing capabilities.

With enhanced memory, the PCI PED approved Vx570 is built to support a full range of value-added applications and EMV smart card transactions, along with dial or dual connectivity options.

**The VeriFone VX610** is one of the latest in wireless credit card terminals from VeriFone. Its powerful processor and flexible design makes the VeriFone VX 610 one of the best wireless credit card terminals on the market.

The VeriFone VX 610 wireless credit card terminal delivers blazing performance, high-end functionality, and exceptional ease of use. The VeriFone VX610 swiftly handles even the most complex mag-stripe or smart card transactions, using a choice of the latest wireless technologies.

## **LOWEST WIRELESS RATES AND PRICING GUARANTEED**
