

Yorkton Home Hardware Building Centre Expands to Offer Customers a Brand New Shopping Experience

Yorkton, SK, May 3, 2016 –Yorkton Home Hardware Building Centre on Broadway Street East has expanded to offer customers a superior shopping experience. New store features include a heated drive-through warehouse, a brand new Home Expressions department and an on-site interior designer.

The transformation began last July and the location now features 21,000 square feet of retail space plus a huge warehouse of about 8,000 square feet, providing more product selection and service space for customers.

“Our service is the best in Yorkton,” says Jeff Myrowich, Dealer-Owner, Yorkton Home Hardware Building Centre. “We wanted to provide homeowners and contractors with a one-stop shop for all of their building and home decorating needs. Our store enables shoppers to get their desired products and services right in their hometown.”

The family-run hardware store has been providing residents with exceptional service since 1979. The larger centre now offers customers double the shopping space and double the products.
