July 15, 2014

Mr. Frank Stewart  
Executive Director  
West Virginia Forestry Association  
PO Box 718  
Ripley, WV 25271

Dear Frank:

We would like to thank you again for the hardwood lumber that your group donated to our 2013 Salvation Army Christmas Toy Project. From it, we were able to produce numerous doll cradles, alphabet block sets, and cars. I would also like to thank you again for allowing me to address your members at your annual meeting at the Canaan Valley Resort.

We plan to be just as successful with our project this year, and hope that you can help us again.

Our wish list for this year follows. All lumber is random width and length, No. 1 Common or better (the less waste, the more toys we can make), and unsurfaced. Lumber under 8' in length is fine. .

Species	Thickness	Quantity, board feet
White Ash	4/4	2500
White ash	8/4	200
Hard Maple	4/4	200
Hard maple	8/4	400
Poplar	4/4	200
Walnut	4/4	100

We have already started making toys but are currently out of lumber. We would like to have the requested materials no later than mid-September. As before, we can arrange for the Salvation Army truck to pick up the lumber at the mills that are providing the materials.

Thank you for your continued support,

Sincerely,

*Peter Howell*
