**BISSETT FASTENERS ACQUIRES LEVCOH SUPPLY & REPAIR**

**Vancouver, British Columbia** – Bissett Fasteners Limited is pleased to announce that it has completed the acquisition of Levco Supply & Repair Ltd., based in Saskatoon, Saskatchewan.

Levco is a leading supplier and tool service provider for industrial and construction fasteners, tools and industrial packaging supplies in Saskatchewan. The shareholders of Levco, Mr. Dean Lansdell and Mr. Chase Robinson, have joined the Bissett team and will continue to operate the Saskatoon branch and drive the Company’s growth in the province of Saskatchewan. This acquisition marks Bissett’s physical entry into the province of Saskatchewan and strengthens the Company’s presence in central Canada.

Founded by Mr. Lance Bissett in 1929, Bissett Fasteners has grown from a single location in Vancouver to Canada’s largest privately-held distributor of construction fasteners and related accessories for professional users. Still headquartered in Vancouver, Bissett now has 12 locations across the country from British Columbia to Nova Scotia. In 2015 Bissett acquired the assets of Canadian Industrial Distributors (“CID”) based in Brampton, Ontario, a move that allowed the Western based Bissett to create a national platform servicing customers from coast to coast with locations in British Columbia, Alberta, Manitoba, Ontario, Quebec, and Nova Scotia. In 2017 Bissett acquired Air-it-On Inc. an industry leader in the Western Canadian relocatable structures market.
