**Milwaukee® 10IN1 Multi Bit Drivers & Key Drivers, Smart Design Maximizes Versatility**

Milwaukee Tool continues to rapidly expand its Hand Tool offering with the introduction of several 10IN1 Multi Bit Drivers that all feature 3-1/2" power groove bits for power tool compatibility and extended reach. This exciting launch will include (2) Multi Bit Drivers, (2) Ratcheting Multi Bit Drivers and (3) Key Driver Sets, each with a focus on maximizing jobsite versatility through innovative features and a smart design.

"Milwaukee's new line of 10IN1 Multi Bit Drivers are the result of a user focused research process aimed at solving common jobsite frustrations," says Ryan Schwoegler, Product Manager for Milwaukee Tool Corp. "Users expressed clear dis-satisfaction with the lack of power tool compatibility with the ball-detent bits found in traditional multi-bit drivers. Milwaukee's power groove bits found in the 10IN1 lineup provide a versatile jobsite solution while creating a better user experience for HEX and Torx® Key users."

Each tool also features chrome plated bits for marine grade rust protection and magnetic bit retention. Additional inclusions like the wire stripper, loop maker and wrench-ready hex shank provide further jobsite functionality for increased productivity.

Part of a larger Hand Tool launch in May 2013, the new 10IN1 Multi Bit Drivers will accompany several new fastening solutions from Milwaukee that deliver game changing durability, ergonomics and versatility. With a focus on user driven innovation to provide real solutions to jobsite challenges, Milwaukee will also introduce a 4PC SAE Nut Driver Set, (3) Screwdriver Sets and (3) 1000V UL ® Classified Insulated Screwdriver Sets.

Backed by a limited lifetime warranty, the new products confirm Milwaukee's commitment to best-in-class durability and their relentless commitment to provide innovative solutions to the end user that will increase productivity.

**10IN1 Multi Bit Drivers**

- 10IN1 ECX™ Multi Bit Driver (48-22-2101): 10 functions include ECX™ #1, ECX™ #2, PH #1, PH #2, SL 1/8", SL 1/4", SQ #2, wire stripper, loop maker and 1/4" nut driver.
- 10IN1 Square Drive Multi Bit Driver (48-22-2102): 10 functions include SQ #1, SQ #2, SQ #3, PH #1 PH #2, SL 1/8", SL 1/4", wire stripper, loop maker and 1/4" nut driver.
- 10IN1 ECX™ Ratcheting Multi Bit Driver (48-22-2301): 10 functions include ECX™ #1, ECX™ #2, PH #1, PH #2, SL 1/8", SL 1/4", SQ #2, wire stripper, loop maker and 1/4" nut driver.
- 10IN1 Square Drive Ratcheting Multi Bit Driver (48-22-2302): 10 functions include SQ #1, SQ #2, SQ #3, PH #1 PH #2, SL 1/8", SL 1/4", wire stripper, loop maker and 1/4" nut driver.

**Hex/Torx® Key Drivers**

- 10IN1 Torx® Key Driver (48-22-2103): 10 functions include TORX® T8, TORX® T10, TORX® T15, TORX® T20, TORX® T25, TORX® T27, TORX® T30, wire stripper, loop maker and 1/4" nut driver.
- 10IN1 HEX Key Driver SAE (48-22-2104): 10 functions include HEX 7/64", HEX 1/8", HEX 9/64", HEX 5/32", HEX 3/16", HEX 7/32", HEX 1/4", wire stripper, loop maker and 1/4" nut driver.
- 10IN1 HEX Key Driver Metric (48-22-2106): 10 functions include HEX 1.5mm, HEX 2mm, HEX 2.5mm, HEX 3mm, HEX 4mm, HEX 5mm, HEX 6mm, wire stripper, loop maker and 1/4" nut driver.
