

Top 6 Ways to Maximize

My

My Membership. My Events. My Education. My AAHOA.

www.MyAAHOA.com

MyAAHOA.com is a **NEW** online experience that will put all your AAHOA membership, events, involvement, advocacy efforts, and education at your fingertips – allowing you to see AAHOA from your own perspective, 24/7/365. As a valued AAHOA Member, we want to provide you with the very best online experience that's as simple, intuitive, and unique as you are.

To help you make the most of this brand-new platform, here are the top six ways you can put MyAAHOA.com to work for you.

1. Personalize your experience with a complete profile.

MyAAHOA.com allows you to create a profile where you can confirm whether you're an active member, renew or upgrade your membership status, select the topics that interest you the most, confirm subscription preferences, and print your membership card.

2. Confidentially update your property data.

Our conversations with lawmakers are so much more powerful when we can quantify the number of properties owned, people employed, and more, in your particular district. Your property info will help us be stronger advocates for you and your business, and allow AAHOA to further personalize the member experience and communicate important information that applies to you. The information collected is strictly confidential.

3. Keep your information seamlessly connected.

Create, view, and edit your company's profile and provide additional details, including logo, address, and company contacts. You also can view and edit other companies affiliated with your parent company, and view and add contacts who are associated with your company.

4. Conveniently register and track event registrations.

Easily manage all of your AAHOA events in one place. View upcoming meeting registrations, including those you have purchased on behalf of someone else. You can view sessions and the meeting itinerary, edit your badge or guests, or transfer an upcoming registration to someone else.

5. Easily manage your professional development goals.

Make the most of all that the **AAHOA HOTEL OWNERS ACADEMY™** has to offer. Browse and participate in member-exclusive education, from in-person workshops to webinars, and track education attendance history and progress so you can efficiently reach your goals.

6. Simplify purchases with a global shopping cart.

MyAAHOA.com allows you to enable autopay for renewal payments and export invoices, pre-authorize automatic credit card payments for memberships, subscriptions, certifications, or contributions, and SHOP AAHOA – all on one place.

MyAAHOA.com was created with you in mind. While this list is not exhaustive, it represents some of our favorite features and functionality of the platform.
