## TO PLACE AN ORDER

You may conveniently order by phone, fax or email.

Most orders received before 12:00 pm CST will be shipped the same day.

**SAME DAY SHIPPING ON MOST ORDERS!**

## By Phone: Call 1-800-666-8191

Monday-Friday 7:00 am - 5:00 pm CST

## By Fax:

Send fax to 1-888-641-3904

## By Email:

Send your order to sales@adoproducts.com

## ADO RETURN POLICY

**ADO will accept returns based on the following conditions:**

If the return is a result of an error made by ADO, a carrier, or vendor of ADO, we will gladly replace the item and credit all shipping charges and restock fees. All products that are to be returned MUST have a Return Authorization (RMA) number assigned. To receive an RMA number, please call your ADO Account Manager at 800-666-8191. All returns must be securely packed in the original packaging, received in resalable condition, and returned within 60 days of original shipment. Returns are subject to a 15% restock fee and return freight charges. No returns will be accepted on Special Order or Clearance items.

# DUROVENT®»

**A**

## (A) DUROVENT®

The **Number ONE** selling vent in the industry! The polystyrene material provides a lightweight water resistant air channel. Ideal for high volume new construction or lower cost re-insulation.

• Economical way to meet energy code requirements for air flow
• Multiple lengths and perforated center line to fit all applications
• Wide nailing flange and center strut allows for easy installation

| KEY | SKU | DESCRIPTION | PACKAGING | MIN QTY |
|-----|-----|-------------|-----------|---------|
| A | DV2200 | Durovent—22" x 48" | 50/bag, 1000/pallet | 1000 |
| | UDV2248 | Durovent w/UPC code—22" x 48" | 70/carton, 840/pallet | 70 |
| | DV2272 | Durovent—22" x 72" | 50/bundle, 1000/pallet | 1000 |

*NOTE: Product color may differ by shipping location.*

# proVent®

**B**

**C**

## (B-C) PROVENT®

Ideal for premium construction and for difficult applications like re-insulation. proVent may be installed prior to the soffit panel installation without fear of blow-out.

• Made with Pro Grade tear-resistant high-impact polystyrene
• Rigid vent construction eliminates breakage during re-insulation
• Full joist coverage for maximum air flow

| KEY | SKU | DESCRIPTION | PACKAGING | MIN QTY |
|-----|-----|-------------|-----------|---------|

## (D) WINDBLOCK®

Provides the best moisture and air infiltration seal between the rafter vent and wall top plate. Works with Durovent and proVent to provide a moisture impervious vent and block system.

• **Now scored for 16" and 24" O.C.**
• Install with rafter vents to maximize attic ventilation performance
• Secures vent in place thus eliminating blow-out during construction
• Blocks moisture from exterior and acts as an insulation stop
• Meets energy code requirements for air infiltration
• Provides a moisture and air infiltration seal between the rafter vent and top of the wall
• Prevents wind driven moisture and cold air infiltration between the rafter vent and the top of the wall
• Reduces energy loss at the attic perimeter
• Effective for use in new and retrofit applications
• Constructed of waterproof and durable polyboard

# proVent® BAFFLE

B

C

## The Versatile Baffle for the Insulation Professional.

• Withstands heat and pressure of spray foam

• Versatile design adapts to varying heel heights

• Attaches to the truss, as well as the roof deck

• Will not absorb moisture or grow mold

• Made from high-impact polystyrene

• Spans the entire width of the bay – 16" or 24" O.C.

| KEY | SKU | DESCRIPTION | PACKAGING | MIN QTY |
|-----|-----|-------------|-----------|---------|

## HOW A STATIC ATTIC VENTILATION SYSTEM WORKS

Rafter vents along with soffit and exhaust vents are the components of a static attic ventilation system. Air is introduced into the system through the soffit vents, channeled along the roof deck through a rafter vent and then is expelled through an exhaust vent.

### (A) THE SHOOT™

The Shoot™ is a patented, effective way to insulate open framed areas in new construction applications of residential and commercial buildings, as well as room additions and remodeling projects. The Shoot™ has been researched and developed to be the perfect tool for the spray foam industry, spray-on systems and blow-in blanket systems. It is 6' in length and manufactured to fit 16" and 24" O.C. openings. With several scored edges, it can also fit odd sized openings.

| KEY | SKU | DESCRIPTION | MIN QTY |

### (B) CARDBOARD BAFFLES

Cardboard provides an economical vent that is easily installed. The baffle is incorporated into the vent providing a wind barrier to the exterior and an interior block for blowing in attic insulation. Flexible material for installing on all joist sizes.

• Vent incorporates a 6-9" tail that provides a full cavity block

• Stores flat and is easy to transport and handle

A  B  C  D
## (A) SOUDAL WINDOW & DOOR GUN FOAM

Low-pressure formula eliminates windows and doors from bowing. Flame spread 15 and smoke developed 35. UL classified. Soudal Window & Door Foam meets AAMA (American Architectural Manufactures Association) test specifications for low-pressure window and door sealant foams (AAMA 812-04).

| KEY | SKU | DESCRIPTION | CANS/CASE | CASES/PALLET |
|---|---|---|---|---|
| A | 116889 | Soudal Window/Door Foam—24 oz Can | 12 | 54 |

## (B) SOUDAL FIREBLOCK GUN FOAM

Soudal Fireblock gun foam is a one-component, self expanding, ready to use, fire block, polyurethane orange-colored foam. It contains CFC-free propellants, which are completely harmless to the ozone layer. See ICC-ES Report #ESR-3118.

| KEY | SKU | DESCRIPTION | CANS/CASE | CASES/PALLET |
|---|---|---|---|---|
| B | 120919 | Soudal Fireblock Foam—24 oz Can | 12 | 54 |

## (C) SOUDAL ALL SEASON GUN FOAM

Soudal All Season Gun Foam is a "top of the line," one-component moisture curing polyurethane foam developed especially to perform under difficult freezing temperature conditions or in hot conditions where traditional PU foams fail to extrude and cure. The foam will extrude at ambient temperatures as low as -13°F and as high as 120°F with a can temperature of minimum 41°F and maximum 95°F respectively. Cans should be stored at temperatures between 41° and 77°F. AAMA Compliant.

| KEY | SKU | DESCRIPTION | CANS/CASE | CASES/PALLET |
|---|---|---|---|---|
| C | 455800 | Soudal All Season Gun Foam—24 oz Can | 12 | 54 |

## (D) SOUDAL SOUDAFOAM FLEX GUN FOAM

Soudal Soudafoam Flex is a one-component, moisture curing polyurethane foam developed to be flexible with minimal pressure and unique elastic recovery. Foam extrudes and cures in extreme temperatures from -13°F to 120°F with can temperatures between 41°F and 95°F  and will not bend or bow window and door frames.

| KEY | SKU | DESCRIPTION | CANS/CASE | CASES/PALLET |
|---|---|---|---|---|
| D | 457800 | Soudafoam Flex, PU Can Foam—24 oz Can | 12 | 54 |

## (H) SOUDAL CLEANER FOR FOAM GUNS

Environmentally safe agent specially formulated to dissolve non-cured and fresh polyurethane foams from can valves, dispensing equipment, foam guns and clothing. Contains no CFC's.

| KEY | SKU | DESCRIPTION | MIN QTY | CANS/CASE |
|---|---|---|---|---|
| H | 113433 | Soudal Cleaner—12 oz Can | can | 12 |

## (I) SOUDAL FOAM GUN REPLACEMENT TIPS

Replaceable plastic extension tips for the Soudal Compact Gun (109953). Each tip is 3" long with a diameter of 3/16". Soudal foam gun tips allow the installer to get into tight areas as well as protect the tip of the gun, extending the overall life of the gun.

## (A) HANDIFOAM® EXTREME POLYURETHANE FOAM

Formulated to work in extreme climates where ambient moisture/humidity is not always present. Tack-free within 10 minutes and meets ASTM E-84 Class 1 for caulk and sealants. Handi-Foam® Extreme is the perfect choice for sealing needs in extreme climates.

| KEY | SKU | DESCRIPTION | CANS/CASE | CASES/PALLET |
|-----|-----|-------------|-----------|--------------|
| A | P30120 | HandiFoam Extreme Gun Foam —24 oz Can | 12 | 48 |

## (B) HANDIFOAM® FIREBLOCK POLYURETHANE FOAM

Designed to seal, fill, bond and stop air infiltration. HandiFoam is more effective than traditional fireblock materials at blocking flames and smoke. Recognizable orange color allowing inspectors to easily identify the use of an approved fireblock product. Passes ICC-ES evaluation for use as a fireblock.

| KEY | SKU | DESCRIPTION | CANS/CASE | CASES/PALLET |
|-----|-----|-------------|-----------|--------------|
| B | P30181 | HandiFoam Fireblock—24 oz Can | 12 | 48 |

## (C) HANDIFOAM® WINDOW AND DOOR POLYURETHANE FOAM

Multiple purpose, UL classified, one-component polyurethane foam designed specifically for window and door installation and retro-fit applications. Low-pressure formulation will not bow windows or door frames. Meets AAMA (American Architectural Manufactures Association) test specifications for low-pressure window and door sealant foams.

| KEY | SKU | DESCRIPTION | CANS/CASE | CASES/PALLET |
|-----|-----|-------------|-----------|--------------|

|-----|-----|-------------|-----------|--------------|
| D | P30107 | HandiFoam Straw Foam Sealant —24 oz Can | 12 | 48 |

## (E) HANDIFOAM® BLACK SEALENT

One-component polyurethane foam (OCF) sealant specifically designed black in color, making it ideal for applications where product appearance may be a factor. HandiFoam Black Sealant utilizes a (HC) propellant. May be used to fill gaps and cracks in pond and waterfall design, landscaping, RV undercarriages, crack and hole repair in trees, as well as to seal gaps and penetrations in the building envelope. Fish and plant safe.

| KEY | SKU | DESCRIPTION | CANS/CASE | CASES/PALLET |

## (A) HANDIFOAM® LOW-PRESSURE CHANNEL FILL

High-flow technology is an industry first low-pressure polyurethane foam category that takes traditional pour-in-place polyurethane foam and adds the ability to completely fill difficult and intricate voids, making impossible applications possible. Handi-Flow Channel Fill is a stable, chemically-cured foam that will not settle, shrink or post-expand over time—providing quality assurance that the cavity is and will remain completely filled.

| KEY | SKU | DESCRIPTION | MIN QTY | KITS/PALLET |
|-----|-----|-------------|---------|-------------|

| | P50002 | HandiFoam Channel Fill—44 cu ft. | each | 9 |

## HANDIFOAM® LOW DENSITY LOW-PRESSURE SPRAY POLYURETHANE FOAM

HandiFoam® Low Density low-pressure, spray polyurethane foam is an open cell, chemically-cured, two-component system used to fill and insulate large voids and surfaces. HandiFoam® Low Density is great for sound deadening and reducing noise volume. Ideal for patch and repair or touch-up work of currently insulated buildings where a low density foam is installed.

## (B-C) CLASS 1

HandiFoam® E84 Class 1 Spray Foam is a low-pressure foam system that utilizes a non-flammable blowing agent. Handi-Foam E84 Class 1 Spray Foam has been specifically formulated for flame retardancy and conforms to the requirements of ASTM E84 as a "Class 1(A)" system (flame spread of 25 or less, smoke development of 450 or less). The foam helps to lower heating and cooling costs by drastically reducing energy consumption.

| KEY | SKU | DESCRIPTION | MIN QTY | KITS/PALLET |

## (D) TANK FOAM SEALANT

Multiple purpose, UL classified one-component polyurethane foam designed for the professional user. Dispensed through a flexible hose with a valve controlled dispensing nozzle. Optimal application temperature is between 65-100° F (18-38° C), and may be used between 40–115° F (5–46° C). Dries tack-free within 10 minutes or less depending on moisture and temperature conditions. Cuttable within one hour and fully cures in 12–24 hours. Flame spread 25 and smoke developed 50. UL classified file #R13919 Caulking and Sealants. ASTM E-84 (12.5%).

## HANDIFOAM® SPRAY POLYURETHANE FOAM (SPF)

HandiFoam's refillable foam systems are chemically-cured, two-component spray and pour-in-place polyurethane foam systems, packaged in low-pressure refillable cylinders.

These systems are designed for larger applications, assembly line filling or any unique application that requires a balance between quality and affordability. Refillable foam systems are available in a variety of sizes and formulations to meet application and market requirements.

The refillable foam systems dispensing equipment utilizes the same patented Handi-Gun® as our disposable foam kits, providing accurate and precise dispensing. The addition of the Magnum Heated System® provides improved temperature control and extended reach for increased flexibility.

### (A) HANDIFOAM® E-84 CLASS 1 REFILL SYSTEMS

HandiFoam® E84 Class 1 Spray Foam Refill Systems are low-pressure foam systems that utilize a non-flammable blowing agent. HandiFoam E84 Class 1 Spray Foam has been specifically formulated for flame retardancy and conforms to the requirements of ASTM E84 as a "Class 1(A)" system (flame spread of 25 or less, smoke development of 450 or less). The foam helps to lower heating and cooling costs, drastically reducing energy consumption.

**Versi-Foam® systems**

## (A) VERSI-FOAM®

Versi-Foam® is a portable and disposable low-pressure spray foam insulation system. It is ideal for insulating, air sealing, sound dampening, condensation control, caulking, and void filling. Versi-Foam® applies to commercial and residential construction, plant and facility maintenance, HVAC equipment, roofing repair, marine flotation and insulation, pool and spa insulation, stage/film props, special effects, insulation used within trucks, trailers, buses, RV's, and much more.

- Two-component closed cell spray foam kits
- Patented U-Control dispensing gun provides complete control over how much foam is dispensed
- Excellent air seal
- High R-value per inch
- Energy efficient
- Portable and disposable
- Tack-free to touch in 30-40 seconds

**Kits include:**
- U-Control dispensing gun
- Two hoses
- 10 mixing nozzles
- 3 fan tips
- 1 pair of nitrile gloves
- 1 packet of petroleum jelly
- 1 wrench

# DOW® FOAM
## (A) GREAT STUFF™ PRO WINDOW & DOOR GUN FOAM

Minimal expansion, one-component, low-pressure formulation and flexible polyurethane foam sealant. Great Stuff Pro Window & Door foam sealant is exclusively formulated to air-seal the gap between a window or door frame and its rough opening. It expands only enough to generate an effective seal, and makes window and door systems more energy efficient. Proven not to bow windows or doors. Conforms to ASTM and AAMA standards. UL classified—flame spread 10 and smoke developed 20.

| KEY | SKU | DESCRIPTION | CANS/CASE | CASES/PALLET |
|-----|-----|-------------|-----------|--------------|
| A | FOAMWD | Great Stuff Pro Window & Door—20 oz Can | 12 | 64 |

## (B) GREAT STUFF™ PRO GAPS & CRACKS GUN FOAM

Minimal expansion, one-component foam, recognized as an alternative fireblock penetration sealant. Evaluated by the International Code Council's Evaluation Service, Inc. for use in residential construction. Great Stuff Pro Gaps & Cracks is tinted orange to be more recognizable to building code officials. UL classified—flame spread 15 and smoke developed 20.

| KEY | SKU | DESCRIPTION | CANS/CASE | CASES/PALLET |
|-----|-----|-------------|-----------|--------------|
| B | FOAMGC26 | Great Stuff Pro Gaps & Cracks—30 oz Can | 12 | 64 |

## (C) ENERFOAM GUN FOAM

Premium grade minimal expansion foam with a working temperature range of 25°–120° F. Trimmable in 20 minutes. This closed cell foam is paintable and waterproof. UL classified—flame spread 15 and smoke developed 20.

| KEY | SKU | DESCRIPTION | CANS/CASES | CASES/PALLET |
|-----|-----|-------------|------------|--------------|
| C | ENER4226 | Enerfoam—30 oz Can | 12 | 64 |

## (D) GREAT STUFF™ PRO CLEANER FOR FOAM GUNS

| KEY | SKU | DESCRIPTION | MIN QTY | CANS/CASE |
|-----|-----|-------------|---------|-----------|
| G | ENERCLEAN | Great Stuff Pro Cleaner—12 oz Can | can | 12 |

## (H-I) GREAT STUFF™ DRYWALL GASKET DISPENING GUN

Designed specifically for Great Stuff Pro™ Gasket, the blue-handled dispensing gun – colored to match the cans – allows for precise application of the foam. The gun is restartable, reusable and can be easily cleaned using a garden hose and the included cleanout adapter.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| H | DGASKGUN | Dow Drywall Gasket Foam Gun with Cleaning Tool | each |
| I | DGASKCT | Cleaning Tool Hose Attachement for Dispensing Gun | each |

## (J) DOW GREAT STUFF™ GASKET FOAM

Designed to form a gasket-in-place foam where it is applied to the interior face of framing lumber, especially top and bottom plates, inside and outside corners and around rough openings. Effective at blocking air leaks past the top plate into the attic and through the bottom plate and the rim joist. Flexible and easily compressible.

- Rapid installation from an aerosol can on a Pro gun —no power tools needed
- Water-based and water clean-up before cure
- Seals over rough framing features, joist hangers, strapping, etc

| KEY | SKU | DESCRIPTION | CANS/CASE |
|-----|-----|-------------|-----------|
| J | DGASK | Dow Drywall Gasket Foam—18oz | 12 |

## (E-G) GUNS FOR DOW FOAM

Recommended for use with Enerfoam and Great Stuff Pro foam. Note: ENER13, ENER14, and ENERGUN are not recommended for use with other manufacturers' foams.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| E | ENER13 | Pro 13 foam gun – Includes tapered tips | each |
| F | ENER14 | Pro 14 foam gun – Includes tapered tips | each |
| G | ENERGUN | Pageris Pro 15 foam gun | each |

## (A-C) TWO-COMPONENT SPRAY FOAM – DOW FROTH-PAK™

Two-component polyurethane spray foam that comes in portable kits. Ideal as an insulator and air-sealant, Froth-Pak bonds to most construction materials including lumber, plywood, particle board, foam board, masonry, metals, drywall, concrete and foam panels. Flame spread of 25 or less. Smoke development of 450 or less. It can be used to fill cavities, wall and floor penetrations, cracks and expansion joints. Includes 15' hose.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| A | FROTH12 | Froth-Pak Two-Component Kit—12 bd ft | 144 |

## (A) GRACO REACTOR E-20 PROPORTIONER PACKAGE

Equipped with material data and system diagnostics, the
Reactor E-20 proportioner provides total control for spraying foam insulation.
Advanced features provide longer equipment life, more uptime for your spray
day, and the overall Graco reliability and durability you've come to expect.
For low-to-medium output foam insulation applications—applies up to 20 lb
(9 kg) per minute.

- Powerful hybrid heaters for better temperature control
- Circulation valves with longer-lasting seals
- Longer-lasting modular heater control boards that minimize downtime
- Hose heat transformer that doesn't require tap settings
- Easy to maneuver
- Digital heat and pressure controls

# FIRE SHELL™

## (A) FIRESHELL THERMAL BARRIER INTUMESCENT COATING

FIRESHELL® (F10E) is a proprietary non-flammable, intumescing (expands up to 2000%) interior coating that provides oxygen starvation to fire. It is a non-toxic, water-based, drain safe, no fuming GREEN product.

FIRESHELL® passes full scale room corner over foam NFPA 286 and E84 class A certified. It is a waterbased one-part coating system that comes white but can be tinted different colors. This coating can be latex or oil based topcoated.
- For walls, foam, attics, crawl spaces
- Open cell or closed cell insulation foam
- Bio foams

## APPROVALS
- Meets NFPA 285 multi story fire resistance over sprayfoam for ACM aluminum/sprayfoam commercial wall assemblies
- The first coating to pass NFPA 286 over foam
- Water-based, 1-part, non-flammable, intumescing coating for interior use
- E84 Cl 'A' verified
- Meets green standards and lead paint requirements
- Meets EPA certification for ultra low VOC coating

| KEY | SKU | DESCRIPTION | PAILS/PALLET |
|-----|-----|-------------|--------------|
|  | **FSF10EG** | NFPA 286 Thermal Barrier Intumescent Coating – Color: Gray | 36 |

## (B-C) NO-BURN AND NO-BURN PLUS THB

No-Burn® Plus and No-Burn® Plus ThB are water-based thin film intumescent coatings when exposed to high temperatures and flame, intumesces creating a char-barrier protecting treated substrates from fire. Limits flame spread and smoke developed, providing intumescent protection when applied and where lapped or butted lumber and sheeting edges are joined together.

| KEY | SKU | DESCRIPTION | MIN QTY |

## (C) SIDEWINDER SLEEVE AND ACCESSORIES

Your spray foam hose takes a lot of abuse, but installing the new SIDEWINDER SLEEVE is the "go-to" solution for protection from heavy abrasion, cold & wet weather, and other extreme environments. Sidewinder SPF Sleeve incorporates the most advanced insulation and abrasion-resistant materials to enhance sprayability and provide higher yields when pushing foam. Available for your hose and whip in both insulated and non-insulated products.

**NEW!**

D

## (D) DESICCANT CARTRIDGE

This disposable Desiccant Cartridge dries displacement air entering storage drums to -100° F dewpoint, preventing water vapor's condensation and resulting contamination. The indicator window turns from blue to pink when the cartridge is exhausted. When used with the drum adapter, these cartridges provide economical and versatile means for preventing moisture contamination in drums, totes, and small tanks.

### (F-G) BARRICADE CAUTION AND DANGER TAPE

An economical disposable marking solution manufactured for exceptional durability and resistance to the elements.

| KEY | SKU | DESCRIPTION | ROLLS/CASE |
|---|---|---|---|
| F | CAUTIONTAPE | 2-mil Barricade Tape—3" x 1000' | 8 |
| G | DANGERTAPE | Red Danger Tape—3" x 300' | 8 |

## (A-B) DYNASOLVE CU-6 URETHANE CLEANING SOLVENT

Recommended for both flushing and cleaning, especially in applications in which liquid isocyanates are present either prior to cleaning or will be introduced after cleaning (such as in a mixing tank). Non-chlorinated, non-flammable, non-carcinogenic, and non-ozone depleting. Replaces and improves on the performance of commodity solvents such as methylene chloride, acetone, methyl ethyl ketone (MEK), and 1,1, 1-trichloroethane. Can be used for extended periods, tolerate high resin loadings, and will reduce disposal costs. It is also recyclable via vacuum distillation.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| A | DYNACU61G | Dynasolve Gun Cleaner/Solvent, Low VOC, 1 Gallon | each |
| B | DYNACU65G | Dynasolve Gun Cleaner/Solvent, Low VOC, 5 Gallon | each |

## (C) CHEM TREND INSULATION RELEASE

An effective barrier coat to keep overspray of PU foam insulation from adhering to items; spray equipment, tub and shower stalls and other non-porous surfaces. DO NOT apply to personal protective equipment.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| C | PIRS1025 | Chem Trend Insulation Release—10.25 oz. Aerosol Can | can |

## (D) CHEM TREND SPRAY FOAM REMOVER

Spray/apply to remove foam in any overspray areas where foam is not needed or was not intended to be applied.

| KEY | SKU | DESCRIPTION | MIN QTY |

## YEAR ROUND AIR CONDITIONED RESPIRATOR FOR A COMFORTABLE WORKPLACE

NEW!

**A**

**B**

**C**

### (A-B) TENNESSEE CHILL BOX™

The Tennessee Chill Box 8000 (CB8000) is an Air-Conditioned Respirator, Fresh Air Supply System, which provides comfortable, safe breathing air for industry users who require a fresh air supply system, with the advantages of air-conditioned air.

It can maximize productivity and eliminate the possibility of heatstroke, heat exhaustion, dehydration, nausea, and cramps for your workers. The Chill Box 8000 offers 40% more cooling capacity than the original CB 5000. Up to two (2) hoses may be used, and up to 200' each with our standard kits. Comes equipped with an exterior manifold to allow for the use of multi-air lines, (single or double lines). Unit is sealed and maintenance free (with the exception of a removable, washable filter).

- 110 Volt 15/Amp electric requirement
- Unit measures 23-1/2"H x 15" D x 19-1/2" W — 76 lb unit
- Provides 97 CFM's at the exterior manifold

| STYLE | SKU | DESCRIPTION | MIN QTY |

## (F) BULLARD® FREE-AIR® PUMP

Supplies air for two hood-style or three half or full face mask airline respirators. When placed in a clean air environment, Bullard Free-Air® pumps offer a low-cost means of supplying clean, breathable air to respirator wearers working in contaminated environments up to 300 feet away from the pump. They are easy to operate and maintain. Free-Air pumps do not require temperature alarms, CO monitors or air-line filters, so they can be a cost-effective alternative to compressed air.

### (A) ALLEGRO FULL MASK CONTINUOUS FLOW SUPPLIED AIR RESPIRATOR

For SAR System. Made of silicone rubber for durability and will hold its shape even in extreme heat and cold. Double sealing flange provides an improved face-to-mask seal and a deep chin pocket provides a better, more comfortable fit. Replaceable polycarbonate lens offers a wider, distortion-free viewing area with an anti-fog, anti-scratch coating. Comes with OBAC quick connects. NIOSH approved.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| A | 9901 | Full Face Respirator – Low-Pressure | each |
| | 9902 | Full Face Respirator – High-Pressure | each |

## MASKS AND RESPIRATORS

Using a variety of patented technologies and features that enable them to filter a broad range of particles, these 3M disposable masks are NIOSH certified to have a filter efficiency of 95% or greater against particulates free of oil. The patented filter media uses advanced electrostatically charged micro fibers to help make breathing easier and cooler for advanced comfort. 3M masks are lightweight for more comfort and increased wear time on the job.

## MOLDEX® DISPOSABLE AND REUSABLE RESPIRATORS

Breathe easy with a Moldex disposable particulate respirator. They're NIOSH certified to have a filter efficiency of 95% or greater against particulates free of oil. That's some clean air. Enjoy a contoured nose bridge and a soft foam nose cushion for comfortable seal—without a metal nose band. The exclusive Dura-Mesh® shell protects the filter media so it stays clean longer. It's built to resist collapsing in hot and humid conditions so the respirator holds its shape longer. Bottom line—fewer respirators are used = you save money.

D

### (A) MOLDEX 2600 N95 RESPIRATOR, HANDYSTRAP®

- HandyStrap® with buckle allows mask to hang down around neck when not in use
- Stretch cloth strap feels cool and comfortable against the skin
- Softspun® lining for added comfort and durability

## (C-D) FIBERLOCK SHOCKWAVE RTU - DISINFECTANT, SANITIZER AND CLEANER

ShockWave RTU is an EPA-registered, quaternary ammonium chloride cleaner, disinfectant, and sanitizer designed for use on various surfaces subject to microbial contamination. It's the only ready-to-use disinfectant that kills 120 organisms! A one-step disinfectant spray that works in the presence of 5% organic load. For use on tables, counters, toilet seats, telephones, door knobs and similar hard nonporous inanimate environmental surfaces in hospitals, food processing areas, homes, restaurants, hotels, motels, gas stations, health clubs and spas. Controls cross contamination from treated inanimate environmental surfaces.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| C | 83161 | Fiberlock Shockwave, 1 Gallon | each |
| D | 83165 | Fiberlock Shockwave, 5 Gallon | each |

## (E) CONCROBIUM® BROAD SPECTRUM DISINFECTANT II

A professional-grade, botanically-derived spray disinfectant, cleaner, virucide, bactericide, tuberculocide and fungicide. Non-flammable formula is made from a proprietary blend of plant extracts and essential oils and is suitable for use in most environments. Safe for use in areas where contact with people, pets or food is likely, such as restaurants, veterinary facilities or offices.

- Included on the EPA List N Disinfectants (EPA#34810-25) for use against SARS-CoV-2 (COVID-19)
- Minimum surface wet-time of 10 minutes, per CDC cleaning guidelines
- Spray-applied or applied with a spray bottle, mop or towel
- There are no PPE requirements when using this product, but a face covering and gloves are recommended when disinfecting surfaces

# FIRE MORTAR, DRAFTSTOP, AND FIRESTOP CAULK

### (A) BOSS® 139 FIRE MORTAR

Low-cost, non-combustible fireplace mortar that passes ASTM E-136 and has been tested to 3000°F. Can also be used in residential firestop applications where the building code calls for a non-combustible material.

• Ideal for sealing fireplaces and wood burning stoves

| KEY | SKU | DESCRIPTION | TUBES/CASE | CASES/PALLET |
|-----|-----|-------------|------------|--------------|
| A | **CLK139** | Boss 139 Fire Mortar—Black | 12 | 108 |

### (B) BOSS® 136 FIREBLOCK DRAFTSTOP SEALANT

Fire rated sealant and non-combustible filler caulking. Used in the annular space around wires, pipes, ducts, vents, cable lines and other penetrations to the building envelope. Applicable standards include: UBC page 1–387, 1997 edition, CABO section 602.7 item 4, 1995 edition, BOCA (NBC) 704.4.1.1 1996 and ASTM E-136.

| KEY | SKU | DESCRIPTION | TUBES/CASE | CASES/PALLET |
|-----|-----|-------------|------------|--------------|
| B | **CLK136** | Boss 136 Firestop/Draft Sealant | 12 | 108 |

### (C) BOSS® 816 INTUMESCENT FIRESTOP SEALANT

Non-sag, water-based sealant and smoke seal that is easy to apply and clean up. Prevents the spread of toxic gases, water, smoke and fire through joint openings. Meets ASTM E-814 (UL 1479), standard test method for fire tests of through-penetration firestops. Conforms to BOCA National Building Code (1996), CABO one and two family dwelling code (1995), Uniform Building Code (1997). See UL Fire Resistance Directory for a list of systems established for Boss 816.

| KEY | SKU | DESCRIPTION | TUBES/CASE | CASES/PALLET |
|-----|-----|-------------|------------|--------------|
| C | **CLK816** | Boss 816 Intumescent | 12 | 108 |

### (D) FIRE SEAL FS136

Tested to meet and exceed ASTM-E136 and ASTM-E814 standards for fireblocking/firestopping single-family residential construction. Fire Seal possesses superior adhesion and freeze-thaw characteristics and is the contractors' #1 choice for fireblocking non-rated wood-frame construction.  Fire Seal will not shrink, crack, or crumble upon cure. Fire Seal creates an air-tight barrier to prevent passage of flames, smoke, and toxic gases from spreading area to area within concealed spaces.

| KEY | SKU | DESCRIPTION | TUBES/CASE | CASES/PALLET |
|-----|-----|-------------|------------|--------------|
| D | **CLKFS136** | Fire Seal 136 Fireblock 10.3 oz Tube | 12 | 120 |

# FIRESTOP EXPANDING FOAM

### (E) BOSS 81324 FIRESTOP EXPANDING FOAM

A true firestopping foam that is UL Classified and has passed the strict UL 1479 and ASTM E-814 tests. UL systems for cables, conduit and metallic pipes available. Prevents spread of fire, smoke and toxic gases up to a 2-hour fire rating. Ideal for use in hotels, prisons, hospitals, condominiums, single and multi-family homes.

| KEY | SKU | DESCRIPTION | CANS/CASE | CASES/PALLET |

## 3M ASJ (ALL SERVICE JACKET) TAPE UL CLASSIFIED

3M #105 ASJ insulation tape is used for seam sealing and patching of ASJ-faced mechanical insulation systems, providing a matching appearance and vapor retarder integrity.
- Service temperatures of 0º F to 150º F (-18º C to 66º C)
- Application range of 10º F to 120º F (-12º C to 49º C)

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| 105ASJ3 | 3" x 50 yd | 16 | 27 |

## ECHO TAPE DOUBLE COATED/SSL POLYESTER TAPE CARRIER UL CLASSIFIED

Echo Tape #250 double coated/SSL (Self-Seal Lap) tape is used to seal vapor retarder or facing overlap seams on mechanical and other types of insulation. It can be used to apply patches or to hang vapor retarders or facings on structural members.
- Service temperatures of 0º F to 150º F (-12º C to 66º C)
- Application range of -10º F to 120º F (-23º C to 49º C)

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| ETDC155 | 1.5" x 60 yd | 36 | 27 |

## 3M 1.5 MIL ALUMINUM FOIL TAPE UL CLASSIFIED

3M #118 foil tape is used for seam sealing and patching of FSK-faced duct wrap insulation, board insulation and other insulation applications where FSK or foil facing is used.
- Service temperatures of -25º F to 250º F (-32º C to 121º C)
- Application range of 10º F to 120º F (-12º C to 49º C)

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| 118FOIL2 | 2" x 50 yd | 24 | 36 |

## RAVEN PSK (POLY-SCRIM-KRAFT) TAPE VR-10 TYPE UL CLASSIFIED

Raven #282 VR-10 PSK tape is used for seam sealing and patching of VR-10 faced metal building insulation and other insulation applications where VR-10 facing is used. VR-10 has a white film outer surface.
- Can also be used on Lamtec WMP-VR facing.
- Service temperatures of 0º F to 150º F (-18º C to 66º C)
- Application range of 10º F to 120º F (-12º C to 49º C)

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| TVB4 | 4" x 50 yd | 12 | 27 |

## ECHO TAPE WMP-VR TAPE

Echo Tape WMP-VR tapes are 3-way reinforced polypropylene film/scrim/kraft facing tapes, combined with a high performance cold weather solvent acrylic adhesive. They feature an easy release silicone treated liner and offer a superior quick stick at normal operating temperatures as well as great performance at low temperatures.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| ETWMP10 | Tape, 3" x 50 yd | 16 | 27 |
| ETWMP10B | Tape, 3" x 50 yd—Black | 16 | 27 |
| ETWMPVR | Tape, Poly Facing WMPVR, 3" x 50 yd—White | 16 | 48 |
| ETWMPVRB | Tape, Poly Facing WMPVR, 3" x 50 yd—Black | 16 | 48 |

## GREY BUTYL TAPE

Backerless butyl tape which remains pliable and will not cure. Perfect for seaming reinforced poly.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| MBTAPEG | Gray Butyl Tape 1/32" x 1 1/2" x 30 yd | 16 | 16 |

## 3M VENTURE FOIL TAPE

UL classified, 2 mil with high tack adhesive. Superior conformability for sealing insulation and foil-faced sheathing.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| TF250C | 2" x 50 yd | 24 | 36 |
| TF350C | 3" x 50 yd | 16 | 36 |

## 3M VENTURE FSK TAPE

6.5 mil tape is foil and fiberglass, scrim laminate designed for sealing scrim faced duct insulation. Used where extra strength beyond regular foil tape is needed.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| TK250 | 2" x 50 yd | 24 | 36 |
| TK350C | 3" x 50 yd | 16 | 27 |
| TK450 | 4" x 50 yd | 12 | 27 |

## INTERTAPE BLACK DUCT TAPE

Versatile duct tape works well for vapor sealing, sheet metal ductwork and general purpose heavy duty service.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| TD15B | Intertape Duct, 2" x 60 yd—Black | 24 | 27 |

## INTERTAPE UTILITY GRADE DUCT TAPE

Utility grade 8 mil poly-coated cloth-backed tape with a very aggressive adhesive. Has good conformability and is water resistant.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| TD15 | Intertape 8 mil—1-7/8" x 60 yd | 24 | 27 |

## INTERTAPE CONTRACTOR GRADE DUCT TAPE

Contractor grade 11 mil all-purpose duct tape with a natural rubber adhesive, aggressively bonds to almost any surface. Water resistant. Choose TD36 when high performance counts. UL723 rated, meets HUD and BOCA codes.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| TD36 | 11 mil—1-7/8" x 60 yd | 24 | 27 |

## INTERTAPE ALL-PURPOSE RED DUCT TAPE

All-purpose 9 mil with a natural rubber adhesive and with excellent adhesive properties. Water resistant. Used for color coding, critical location marking or a variety of repair projects.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| TD20R | 9 mil—1-7/8" x 60 yd | 24 | 27 |

## INTERTAPE BLUE PAINTERS TAPE

High quality with a special adhesive that can cleanly be removed even from glass that has been left in direct sunlight for up to 14 days. Excellent UV resistance, conformability and tensile strength.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| TPT75 | Blue Painters Tape—2" x 60 yd | 24 | 48 |

## INTERTAPE UTILITY GRADE MASKING TAPE

5.1 mil for non-critical securing and bundling applications. A very comfortable backing with an agressive adhesive.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| TM513 | 5.1 mil—1-7/8" x 60 yd | 24 | 48 |

## 3M VENTURE POLYMER FILM PRESSURE SENSITIVE TAPE

2.5 mil self-wound polymer film is designed to meet the stringent requirements of the Underwriters Laboratories standards UL181. The standards and the application are as follows: UL 181B, Closure Systems for Use with Flexible Air Ducts and Air Connectors; used to seal closures in flex duct and to seal flex duct vapor retarders to duct board. Use - UL 181BFX tape. Tape is for 181B applications only, and is not to be used for 181A applications.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| 360POLY3SIL | 3" x 120 yd | 16 | 27 |

## 3M VENTURE PSK (POLY-SCRIM-KRAFT) TAPE UL CLASSIFIED

This tape is used for seam sealing and patching of PSK faced metal building insulation and other insulation applications where PSK facing is used. PSK has a white film outer surface.
• Can be used on Lamtec WMP-10 and WMP-30 facing.
• Service temperatures of 0º F to 150º F (-18º C to 66º C)
• Application range of 10º F to 120º F (-12º C to 49º C)

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| 280WHTPSK3 | 3" x 50 yd | 16 | 27 |

## 3M ASJ (ALL SERVICE JACKET) TAPE UL CLASSIFIED

3M #105 ASJ insulation tape is used for seam sealing and patching of ASJ-faced mechanical insulation systems, providing a matching appearance and vapor retarder integrity.
- Service temperatures of 0º F to 150º F (-18º C to 66º C)
- Application range of 10º F to 120º F (-12º C to 49º C)

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| 105ASJ3 | 3" x 50 yd | 16 | 27 |

## ECHO TAPE DOUBLE COATED/SSL POLYESTER TAPE CARRIER UL CLASSIFIED

Echo Tape #250 double coated/SSL (Self-Seal Lap) tape is used to seal vapor retarder or facing overlap seams on mechanical and other types of insulation. It can be used to apply patches or to hang vapor retarders or facings on structural members.
- Service temperatures of 0º F to 150º F (-12º C to 66º C)
- Application range of -10º F to 120º F (-23º C to 49º C)

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| ETDC155 | 1.5" x 60 yd | 36 | 27 |

## 3M 1.5 MIL ALUMINUM FOIL TAPE UL CLASSIFIED

3M #118 foil tape is used for seam sealing and patching of FSK-faced duct wrap insulation, board insulation and other insulation applications where FSK or foil facing is used.
- Service temperatures of -25º F to 250º F (-32º C to 121º C)
- Application range of 10º F to 120º F (-12º C to 49º C)

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| 118FOIL2 | 2" x 50 yd | 24 | 36 |
| 118FOIL3 | 3" x 50 yd | 16 | 36 |

## 3M 2 MIL ALUMINUM FOIL TAPE UL CLASSIFIED

3M #120 foil tape is used for seam sealing and patching of foil and FSK-faced duct wrap and board insulation and other insulation applications where FSK or foil facing is used.
- Service temperatures of -25º F to 250º F (-32º C to 121º C)
- Application range of 10º F to 120º F (-12º C to 49º C)

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| 120FOIL2 | 2" x 50 yd | 24 | 36 |
| 120FOIL3 | 3" x 50 yd | 16 | 36 |
| 120FOIL4 | 4" x 50 yd | 12 | 36 |

## RAVEN BUTYL SEAL TAPE

Butyl seal is a double-sided aggressive reinforced butyl rubber tape used to join panels of polyethylene and polypropylene together by overlapping the edges and applying Butyl Seal in between. It is also used to adhere to concrete walls and footings when properly prepared. Butyl Seal is non-hardening and flexible.
| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| TP2BR | Tape, Raven Butyl Seal, 2" x 50' | 12 | 20 |

## 3M VINYL FOAM SEALANT TAPE

3M Vinyl Foam Tape was designed to provide both a quick fix and long-lasting solution in applications that require vapor sealing and gap covering. Composed of a closed-cell vinyl foam coated with a pressure-sensitive acrylic adhesive. 3M vinyl foam sealant tape is grey in color; density—10 lb. per cubic foot.

| SKU | DESCRIPTION | ROLLS/CASE |
|---|---|---|
| TVFS1714 | 3M Vinyl Foam Sealant Tape (3/8" x 1/4") x 50' | 32 |

## ECHO TAPE FSK (FOIL-SCRIM-KRAFT) TAPE UL CLASSIFIED

Echo Tape #110 FSK tape is used for seam sealing and patching of FSK-faced duct wrap insulation and other insulation applications where FSK facing is used; provides a matching appearance and vapor retarder integrity.
- Service temperatures of 0º F to 150º F (-18º C to 66º C)
- Application range of 10º F to 120º F (-12º C to 49º C)

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| ETFSK2 | 2" x 50 yd | 24 | 48 |
| ETFSK3 | 3" x 50 yd | 16 | 48 |
| ETFSK4 | 4" x 50 yd | 12 | 48 |

## RAVEN PSK (POLY-SCRIM-KRAFT) TAPE VR-10 TYPE UL CLASSIFIED

Raven #282 VR-10 PSK tape is used for seam sealing and patching of VR-10 faced metal building insulation and other insulation applications where VR-10 facing is used. VR-10 has a white film outer surface.
- Can also be used on Lamtec WMP-VR facing.
- Service temperatures of 0º F to 150º F (-18º C to 66º C)
- Application range of 10º F to 120º F (-12º C to 49º C)

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| TVB4 | 4" x 50 yd | 12 | 27 |

## ECHO TAPE WMP-VR TAPE

Echo Tape WMP-VR tapes are 3-way reinforced polypropylene film/scrim/kraft facing tapes, combined with a high performance cold weather solvent acrylic adhesive. They feature an easy release silicone treated liner and offer a superior quick stick at normal operating temperatures as well as great performance at low temperatures.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| ETWMP10 | Tape, 4" x 50 yd | 16 | 27 |
| ETWMP10B | Tape, 4" x 50 yd—Black | 16 | 27 |
| ETWMPVR | Tape, Poly Facing WMPVR, 3" x 50 yd—White | 16 | 48 |
| ETWMPVRB | Tape, Poly Facing WMPVR, 3" x 50 yd—Black | 16 | 48 |

## GREY BUTYL TAPE

Backerless butyl tape which remains pliable and will not cure. Perfect for seaming reinforced poly.

| SKU | DESCRIPTION | ROLLS/CASE | CASES/PALLET |
|---|---|---|---|
| MBTAPEG | Gray Butyl Tape 1/32" x 1 1/2" x 30 yd | 16 | 16 |

# MEMBRAIN™
## Continuous Air Barrier & Smart Vapor Retarder

**NEW!**

### CERTAINTEED SMART MEMBRAIN™

Continuous Air Barrier & Smart Vapor Retarder. Dynamic performance and permeance rating compared to traditional kraft insulation or polyethylene sheeting.

## REFLECTIVE PRODUCTS

**R+HEATSHIELD - RADIANT BARRIERS:**
R+Heatshield is perfect over attic insulation (use perforated type), under rafters and over crawl spaces. It works as a complete insulation for metal and post-frame buildings, garages and garage doors. The solid type is ideal wherever a vapor and air infiltration barrier is needed. Perfectly safe to use, requiring no special breathing or handling precautions.

**TUFF-STUFF - CONCRETE INSULATION:**
High-strength insulating moisture barrier for use below heated concrete floors.

**ASTRO-SHIELD - REFLECTIVE INSULATION:**
Insulation material ideal for retrofit or new construction applications in commercial, industrial and agricultural pre-engineered metal and post-frame buildings. Its unique composite design consists of polyethylene air bubble pockets sandwiched between thin layers of reflective film. In many applications, Astro-Shield is more effective than 3" to 6" of conventional mass fiber insulation.

- Keeps buildings warmer in winter and cooler in summer
- Non-carcinogenic
- Lightweight material is thin, pliable and easy to install, and has little or no affect on building design loads
- Compact design works well in limited spaces—easy to ship/store
- Tough surfaces are wear and puncture resistant and can be pressure washed
- Water resistant, nonpermeable surfaces keep moisture out
- Solid surface wind barrier absolutely stops air infiltration, adding to the energy efficiency of any building
- Class1; Class A fire rating and low smoke spread

### (A-B) R+HEATSHIELD III, SOLID OR PERFORATED - RADIANT BARRIERS
– Foil/HD Scrim/Foil

## (A) FSK FACING R-3035

Lamtec R-3035 FSK (Foil-Scrim-Kraft) product is most commonly used as a facing for duct wrap insulation, but has many other insulation applications where a general use vapor retarder is needed. It is also a good choice for radiant barrier applications because of its extremely low emissivity. Permeance Test Method ASTM E 96, Procedure A - 0.02 perms.

| KEY | SKU | DESCRIPTION | ROLLS/PALLET |

## (B) PSK FACING WMP-VR

Lamtec WMP-VR is a PSK (White polypropylene film, fiberglass & polyester scrim, 11# natural kraft) vapor retarder, or facing, primarily used for metal or pre-engineered buildings. It is a very cost effective metal building facing that has excellent installed appearance. The white film side is installed toward the interior of the building. Permeance Test Method ASTM E 96, Procedure A - 0.09 perms.

| KEY | SKU | DESCRIPTION | ROLLS/PALLET |
|-----|-----|-------------|--------------|
| B | WMPVR54300 | WMP-VR PSK 54" x 300' Roll | 49 |
| | WMPVR54600 | WMP-VR PSK 54" x 600' Roll | 36 |

| | WMPVR54600B | WMP-VR PSK 54" x 600' Roll—Black | 39 |
| | WMPVR66600B | WMP-VR PSK 66" x 600' Roll—Black | 28 |

## (C) PSK FACING WMP-10

Lamtec WMP-10 is a PSK (White polypropylene film, metallization, fiberglass and polyester scrim, 14# white kraft) used in applications as a vapor retarder or facing. It is a cost effective metal building facing that has excellent installed appearance. The white film side is installed toward the interior of the building. Permeance Test Method ASTM E 96, Procedure A - 0.02 perms.

| KEY | SKU | DESCRIPTION | ROLLS/PALLET |

## FSK VAPOR RETARDER LAMTEC R3050 (NOT SHOWN)

Lamtec R-3050 (Foil-Scrim-Kraft) product is primarily used as the facing or outer covering for fiberglass duct board, and in various insulation applications where a strong, abuse-resistant FSK vapor retarder or facing is needed. Permeance Test Method ASTM E 96, Procedure A - 0.02 perms.

| KEY | SKU | DESCRIPTION | ROLLS/PALLET |

A great replacement for wire batt hangers!

| KEY | SKU | DESCRIPTION | MIN QTY | ROLLS/CASE | CASES/PALLET |
|-----|-----|-------------|---------|------------|--------------|
| A | NT1250 | 4' x 250' | 1 Roll | 20 | 4 |

## (B) LIGHT DUTY 1⁄6" MESH

Works well for walls when installing cellulose or fiberglass, as a backer to hold wet spray, and as a temporary face before installing drywall.

| KEY | SKU | DESCRIPTION | MIN QTY | ROLLS/CASE | CASES/PALLET |
|-----|-----|-------------|---------|------------|--------------|
| B | NT6250 | 4' x 250' | 1 Roll | 16 | 4 |
| | NT6125 | 8' x 125' | 1 Roll | 16 | 4 |
| | NT62502 | 2' x 250' | 1 Roll | 32 | 4 |

## (C) MEDIUM DUTY 1⁄4" MESH

A heavier choice where greater strength is required and for fireproofing spray applications.

| KEY | SKU | DESCRIPTION | MIN QTY | ROLLS/CASE | CASES/PALLET |
|-----|-----|-------------|---------|------------|--------------|
| C | NT4250 | 4' x 250' | 1 Roll | 9 | 4 |
| | NT4125 | 8' x 125' | 1 Roll | 9 | 4 |
| | NT111 | 111" x 250' | 1 Roll | 4 | 8 |
| | NT120 | 120" x 250' | 1 Roll | 4 | 8 |

A

## (A) ADO PRO PAC

ADO Pro Pac fabric is ideal for knee walls, sound walls and many other applications. Keep your job site dust levels down to a minimum. Our best value, high quality non-woven netting is made of 100% polypropylene point bonded material. Rolls are folded for greater convenience when moving quickly through the job site installation. ADO Pro Pac is not the preferred fabric for wet/damp spray installations - See line (D) ADO Pro Web SKUs for this application.

| KEY | SKU | DESCRIPTION | MIN QTY | ROLLS/BAG | ROLLS/PALLET |
|-----|-----|-------------|---------|-----------|--------------|
| A | ICPP50 | Pro Pac, 4' 2" x 750' | 1 roll | 1 | 12 |
| | ICPP100 | Pro Pac, 8' 4" x 750', Folded | 1 roll | 1 | 12 |
| | ICPP110 | Pro Pac, 9' 2" x 750', Folded | 1 roll | 1 | 12 |
| | ICPP110375 | Pro Pac, 9' 2" x 375', Folded | 1 roll | 1 | 12 |
| | ICPP122 | Pro Pac, 10' 2" x 375', Folded | 1 roll | 1 | 12 |

## (B) ADO FLO WALL

ADO Flo Wall (Basis weight 1.66 oz per sq yard) fabric is ideal for knee walls, ceilings, sound walls and many other applications. Keep your job site dust free. Made of 100% polyester.

| KEY | SKU | DESCRIPTION | MIN QTY | ROLLS/BAG | ROLLS/PALLET |
|-----|-----|-------------|---------|-----------|--------------|
| B | FW4375 | Flo Wall, 4' x 375' | 1 roll | 1 | 12 |
| | FW8750 | Flo Wall, 8' x 750' Folded | 1 roll | 1 | 12 |
| | FW9375 | Flo Wall, 9' x 375' Folded | 1 roll | 1 | 12 |
| | FW9750 | Flo Wall, 9' x 750' Folded | 1 roll | 1 | 12 |
| | FW10375 | Flo Wall, 10' x 375' Folded | 1 roll | 1 | 12 |

B

## (C) ADO PRO WALL 50 PLUS

ADO Pro Wall 50 (Basis Weight 1.5 oz per sq yard) fabric is ideal for knee walls, ceilings, sound walls and many other applications. Keep your job site dust free. ADO Pro Wall 50 passes ASTME84. Made from 100% polyester which has a low propensity for mold growth verses polypropylene.

| KEY | SKU | DESCRIPTION | MIN QTY | ROLLS/BAG | ROLLS/PALLET |

## (G) AIR HOSES

Contractor's Choice reinforced polyurethane air hose. Lightweight—only 3.69 lbs for a 100' hose. Tough reinforced polyurethane—250 psi. Won't kink, twist or crush—flexible down to -40°F. Sold as pre-made assemblies with reusable fittings. Couplers, connectors, reusable ends for mending sold separately.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| G | PUR14X50 | Air Hose with Reusable Ends—1/4" x 50'†† | each |
|  | PUR38X50 | Air Hose with Reusable Ends—3/8" x 50'†† | each |

†† *Note: 1/4" and 3/8" hoses have 1/4" male NPT hose ends.*

## (K) PNEUMATIC TOOL ACCESSORIES

K

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| K | ATOIL8 | Tool Tool Oil—8 oz Bottle | each |
### (A) G-TEK GLOVES

These easy-grip gloves are perfect for the insulation industry. Constructed of woven nylon, the nitrile coated palm and fingers will allow you to pick up the smallest of items without having to remove your gloves.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| A | G225M | Nylon Gloves, Nitrile Dipped—Medium | 1 pair |
| | G225L | Nylon Gloves, Nitrile Dipped—Large | 1 pair |
| | G225XL | Nylon Gloves, Nitrile Dipped—X-Large | 1 pair |

### (B) DOUBLE-DOT FINGERNAILS™ GLOVES

Seamless cotton/polyester gloves with two-sided PVC dots.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| B | G2DDL | Gloves, FingerNails™ Double Dot—Large | 1 pair |

### (C) LEATHER PALM WORK GLOVES

Leather palm work glove constructed of heavy side split cowhide.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| C | 6706529 | Gloves, Split Palm Leather | 1 pair |

### (D) LATEX PALM COAT GLOVES

String knit glove with a blue latex palm. Coated palm offers abrasion resistance and increased grip. Uncoated back allows the hand to breathe.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| D | G122L | Gloves, String Knit, Blue Latex Palm Coat—Large | 1 pair |

### (E) BROWN JERSEY GLOVES

Strong, comfortable hand protection, 8 oz. brown cotton jersey knit. Ideal for general purpose applications.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| E | 6706563 | Gloves, Brown Jersey, Mens | 1 pair |

### (F) PRO IMPACT BLACK "HIGH PERFORMANCE" GLOVES

Synthetic leather palm for secure grip, silicone strips on fingertips for handling small tools and parts, padded palms. Perfect for use with pneumatic tools. Velcro® closure.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| F | 6713 | Gloves, Pro Impact Black—Large | 1 pair |
| | 6714 | Gloves, Pro Impact Black—X-Large | 1 pair |

### (G) HEADLAMPS

Includes three LEDs and a xenon bulb in the same reflector. Three-position lighting lets you select the best combination of lights for the task at hand. Powered by 3 "AAA" alkaline batteries (included). 300 mA xenon bi-pin bulb, plus three 100,000-hour life LEDs. 18 lumens typical (xenon); 24 lumens typical (3 LEDs). Weighs 4.64 oz.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| G | 61050 | Headlamp, 3 LED with Xenon Bulb—Black | each |

## (A) MARK II HOSE

The industry standard. Lightweight polyethylene hose features abrasion-resistant crown and translucent ribbed walls for easy monitoring of material flow. Durable and economical. Interior walls are designed to fluff material.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| A | MK1550 | Mark II Clear Hose—1-1/2" x 50' | each |
| | MK2050 | Mark II Clear Hose—2" x 50' | each |
| | MK2510 | Mark II Clear Hose—2-1/2" x 10' | each |
| | MK2550 | Mark II Clear Hose—2-1/2" x 50' | each |
| | MK3050 | Mark II Clear Hose—3" x 50' | each |
| | MK3550 | Mark II Clear Hose—3-1/2" x 50' | each |
| | MK4050 | Mark II Clear Hose—4" x 50' | each |

NOTE: Measurements are the inside diameter of the hose.

## (B) MARK E-2 HOSE

A perfect lightweight hose that combines the wire reinforced strength of the Urethane Flexible style hoses, constructed out of Polyethylene material like the industry standard Mark II style hoses. The clear E-2 style hose with a spring steel wire helix provides efficient flow characteristics and is abrasion resistant. The maximum negative pressure rating for vacuuming applications far exceeds the ratings of the Mark II style hose and is equivalent to that of the Urethane Flexible style hoses.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| B | MK6025W | Clear E-2 Flex Hose—6" x 25' | each |

NOTE: Measurements are the inside diameter of the hose.

## (E) WALL TUBING

Available in winter grades. Wall tubing attaches to the tip of a reducing nozzle, allowing the hose to be fed into a wall cavity and then pulled out as the wall cavity fills up with insulation.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| E | WT100 | 1" ID, 1-1/4" OD, Winter Style | per foot |
| | WT125 | 1-1/4" ID, 1-1/2" OD, Winter Style | per foot |
| | WT150 | 1-1/2" ID, 2" OD, Winter Style | per foot |
| | WT200 | 2" ID, 2-1/2" OD, Winter Style | per foot |

## (C) URETHANE FLEX HOSE

Very lightweight clear polyurethane hose reinforced with a spring steel wire helix that provides excellent flexibility. The smooth bore offers a combination of efficient flow characteristics and abrasion resistance. Moisture resistant, temperature range -65° F to 200° F.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| C | FT2050 | Clear Urethane Flex Hose—2" x 50' | each |
| | FT2550 | Clear Urethane Flex Hose—2-1/2" x 50' | each |
| | FT3050 | Clear Urethane Flex Hose—3" x 50' | each |
| | FT3550 | Clear Urethane Flex Hose—3-1/2" x 50' | each |
| | FT4050 | Clear Urethane Flex Hose—4" x 50' | each |
| | FT6025 | Clear Urethane Flex Hose—6" x 25' | each |

NOTE: Measurements are the inside diameter of the hose.

## (D) FLEX TUBE HOSES

Medium weight clear co-extruded elastomer with a rigid green external polypropylene helix. Spiral co-extruded engineered construction with environmentally friendly PVC. Ultra smooth interior assures efficient airflow. Good chemical and abrasion resistance. Helix acts as a wearstrip.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| D | MKFT4050 | Hose, Flex-Tube EF 4" x 50' Clear with Green Helix | each |
| | MKFT6025 | Hose, Flex-Tube EF 6" x 25' Clear with Green Helix | each |

**BOSCH**

# PLUGS

## (A) LONG NOSE PLASTIC PLUGS

Exceptional design. With a 5/8" shank and heavy gripping teeth, this plug will hold in both single and multiple layers of siding. Extra wide cap has a tapered edge for obscured vision on siding. Textured surface for easy painting.

| KEY | SKU | DESCRIPTION | QTY/BAG |
|-----|-----|-------------|---------|
| A | LS100B | Long Nose Plastic—1" | 500 |
| | LS125B | Long Nose Plastic—1-1/4" | 250 |
| | LS150B | Long Nose Plastic—1-1/2" | 250 |
| | LS200B | Long Nose Plastic—2" | 250 |

*Measurements are the diameter of the threads and not the cap of the plug.*

## (B) REGULAR PLASTIC PLUGS

Paintable matte finish with a 3/8" shank and two clips on each side for a firm grip in aluminum, vinyl and steel siding.

| KEY | SKU | DESCRIPTION | QTY/BAG |
|-----|-----|-------------|---------|
| B | SP100B | Regular Plastic—1" | 500 |
| | SP125B | Regular Plastic—1-1/4" | 250 |
| | SP150B | Regular Plastic—1-1/2" | 250 |
| | SP200B | Regular Plastic—2" | 250 |
| | SP213BLB | Regular Plastic, Black—2-1/8" | 250 |
| | SP250B | Regular Plastic—2-1/2" | 250 |
| | SP300BL | Regular Plastic, Black—3" | 100 |

*Measurements are the diameter of the threads and not the cap of the plug.*

## (C) FOAM (STYROFOAM) PLUGS

Styrofoam plugs are used for holes in drywall and are recessed to accept spackling compound. They absorb little moisture, thus require fewer layers of spackling for a smooth finish.

| KEY | SKU | DESCRIPTION | QTY/BAG |
|-----|-----|-------------|---------|
| C | FP100B | Foam—1" | 1000 |
| | FP150B | Foam—1-1/2" | 1000 |
| | FP200B | Foam—2" | 1000 |
| | FP213B | Foam—2-1/8" | 1000 |
| | FP250B | Foam—2-1/2" | 750 |
| | FP256B | Foam—2-9/16" | 750 |
| | FP279B | Foam—2-5/8" | 750 |
| | FP300B | Foam—3" | 500 |

## (D) PINE WOOD PLUGS

Unlike other plugs, which are completely tapered, these wood plugs are slightly tapered over only 7/8 of the total thickness for easy insertion. The top 1/8 is the full diameter measurement for a tight, even fit. Made from kiln-dried lumber and produced on specially designed equipment for consistent high quality.

| KEY | SKU | DESCRIPTION | QTY/BAG |
|-----|-----|-------------|---------|
| D | WP100B | Pine—1" | 250 |
| | WP125B | Pine—1-1/4" | 175 |
| | WP150B | Pine—1-1/2" | 125 |
| | WP200B | Pine—2" | 250 |
| | WP201B | Pine, std—2" † | 250 |
| | WP213B | Pine—2-1/8" | 250 |
| | WP225B | Pine—2-1/4" | 225 |
| | WP250B | Pine—2-1/2" | 175 |
| | WP256B | Pine—2-9/16" | 175 |
| | WP300B | Pine—3" | 125 |

† For use with Milwaukee hole saws.

## (A-B) HOSE REELS

All hose reels have heavy duty bearings. The large hose reel stands
upright and the extra large hose reel is to be wall mounted.
• X-Large reel holds: 150' of 4" hose, or 200' of 3-1/2" hose
• Large reel holds: 150' of 3" hose, 200' of 2-1/2" hose, or 250' of 2" hose

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| A | HR300 | Large, 36" L x 23" W x 39" H | each |
| B | HR350 | X-Large, 44" Dia x 28" W | each |

## (C) STEEL CONNECTORS

Provide durable, secure links between hose sections. Inside
extensions are long enough to safely attach clamps for secure fits.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| C | SC200 | Steel Connector—2" | each |
| | SC250 | Steel Connector—2-1/2" | each |
| | SC300 | Steel Connector—3" | each |
| | SC349 | Steel Connector—3-1/2" | each |
| | SC400 | Steel Connector—4" | each |
| | SC600 | Steel Connector—6" | each |

## (D) STEEL REDUCERS

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| D | RC252 | Steel Reducer—2-1/2" to 2" | each |
| | RC320 | Steel Reducer—3" to 2" | each |
| | RC325 | Steel Reducer—3" to 2-1/2" | each |
| | RC352 | Steel Reducer—3-1/2" to 2-1/2" | each |
| | RC353 | Steel Reducer—3-1/2" to 3" | each |
| | RC430 | Steel Reducer—4" to 3" | each |
| | RC435 | Steel Reducer—4" to 3-1/2" | each |
| | RC640 | Steel Reducer—6" to 4" | each |

## (E) HOSE CLAMPS

Steel clamps with worm drive adjust to fit 2", 2-1/2", 3", 3-1/2",
4" or 6" connectors, reducers or nozzles.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| E | CL100 | Hose Clamp—2" to 3" | each |
| | CL400 | Hose Clamp—4" | each |
| | CL600 | Hose Clamp—6" | each |

## (F) INTEC SWIVEL CONNECTORS

Swivel hose connectors can be used for blowing or vacuum applications.
They provide the installer freedom and agility to move around by reducing
tangles and kinks in the hose.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| F | J52053 | 3" Straight Swivel Hose Connector | each |
| | J52058 | 4" Straight Swivel Hose Connector | each |
| | J52054 | 6" Straight Swivel Hose Connector | each |
# DRY-SPRAY NOZZLES

## (G-K) DRY-SPRAY NOZZLES

We offer a wide variety of sizes and types of steel nozzles.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| G | RN210 | Steel Reducing Nozzle—2" to 1" | each |
| | RN214 | Steel Reducing Nozzle—2" to 1-1/4" (not shown) | each |

| J | DS201 | Directional Swivel Nozzle—2" | each |
| | DS251 | Directional Swivel Nozzle—2-1/2" | each |
| | DS252 | Directional Swivel Reducer—2-1/2" to 2" | each |
| K | DS200 | Directional Nozzle—2" | each |
| | DS250 | Directional Nozzle—2-1/2" | each |

## (A) MP-20 PUMP AND MOTOR

High quality, double belt-driven pump with 1 HP TEFC motor offers easy, reliable operation. Ideal for the entry level contractor as well as the professional contractor. Maximum flow: 5.7 gpm. Maximum pressure: 180 psi. Maximum speed: 650 rpm.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| A | WS120 | MP-20 Pump and Motor | each |

## (B) M-3 PUMP AND MOTOR

Economical direct-drive, self-priming, triple diaphragm pump with a 1 HP TEFC motor. Ideal for the entry level contractor as well as the professional contractor. Maximum flow: 3 gpm. Maximum pressure: 300 psi. Maximum speed: 1,725 rpm.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| B | WS030 | M-3 Pump and Motor | each |

## (C) WATER HOSE

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| C | WH50 | Water Hose, 3/8" X 50' (300 psi max) | each |
| | WH100 | Water Hose, 3/8" X 100' (300 psi max) | each |
| | WH150 | Water Hose, 3/8" X 150' (300 psi max) | each |
| | WH200 | Water Hose, 3/8" X 200' (300 psi max) | each |

## (D) KRENDL 2-JET WET-SPRAY WALL CAVITY NOZZLES

Wide oval discharge allows for maximum flow of coarse, wet, recycled fibers without plugging. Rigid attachment of spray tip body to internally machined head eliminates misalignment and nuisance pressure tubing leaks caused by frequent accidental impacts. Quick-connect tips sold separately—QD202, #2502 standard.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| D | WS202W | Krendl 2-jet Nozzle—2" | each |
| | WS252W | Krendl 2-jet Nozzle—2-1/2" | each |
| | WS320W | Krendl 2-jet Nozzle—3" | each |

**NOTE:** *Please consult your Insulation Account Manager for additional specifics on wet spray nozzle tips. Requirements vary by insulation manufacturer.*

## (E-F) KRENDL 4-JET AND 6-JET WET-SPRAY COMMERCIAL NOZZLES

Narrow, flat orifice increases dispersing, velocity and impact of fiber. This will maintain a flat, smooth flowing spray pattern which will fully encapsulate the fibers. Stainless steel, screw-in style tips #4002 standard, sold separately.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| E | WS204C | Krendl 4-jet Commercial Nozzle—2" | each |
| | WS254C | Krendl 4-jet Commercial Nozzle—2-1/2" | each |
| F | WS256C | Krendl 6-jet Commercial Nozzle—2-1/2" | each |

*Krendl Wet-Spray Tips Base adapter*
*Krendl Wet-Spray Tips Brass Quick-Connect*

*Krendl Wet-Spray Tips Stainless Steel Screw-In*

## (A) KRENDL 425 BLOWING MACHINE

The Krendl 425 is designed for low maintenance, rugged performance, and portability. Provides large hopper capacity with user friendly controls.
Specifications:

- Light weight machine: 220 lbs
- User friendly electric panel
- Hopper capacity: 7 Cubic ft.
- 2.5" Outlet
- Power requirements:
  Single input: 15 AMP, 120 volt/60hz
  Double input: 15/15 AMP, 120 volt/60hz
- Output:  Fiberglass: 200 lbs/hour (8 AMP Blower),
                        480 lbs/hour (14 AMP Blower)

  Cellulose: 1100 lbs/hour (8 AMP Blower)
                  1400 lbs/hour (14 AMP Blower)
- **Power cords not included**

| A | **KM425** | Blowing Machine, Krendl 425, Single Input, 8 AMP Blower | 220 |
| A | **KM425D** | Blowing Machine, Krendl 425, Double Input, 14 AMP Blower | 220 |

## (B) KRENDL 475 BLOWING MACHINE

The Krendl 475 is an economical machine for the professional contractor. Designed for low maintenance and high production, the 475 provides a large easy loading hopper while offering simple rugged performance.
Specifications:

- Double 14 Amp / 2-stage blowers
- Clear acrylic safety guard for easy inspection
- LED start and stop buttons and Digital voltmeter
- Dual variable blower controls
- 3" Outlet
- Semi pneumatic run flat treaded tire
- Hopper capacity: 14 Cubic ft.
- Power requirements:
  Double input: 15/15 AMPs each, 120 volt/60hz
- Output:  Fiberglass: 700 lbs/hour
                  Cellulose: 2100 lbs/hour
- **Power cords not included**

| KEY | SKU | DESCRIPTION | WEIGHT (LBS) |
|-----|-----|-------------|--------------|
| B | **KM475** | Blowing Machine, Krendl 475, Double Input | 355 |

## (C) KRENDL 575 BLOWING MACHINE

The Krendl 575 provides the highest production in its class for all brands of cellulose and fiberglass. Designed with the professional contractor in mind, the 575 will outperform and outlast the competition.
Specifications:

- Lightest machine in its class
- User-friendly electronic dashboard
- Double 14 Amp / 2-stage blowers
- Clear acrylic safety guard for easy inspection
- LED start and stop buttons
- Dual variable blower controls
- Digital voltmeter
- Semi-pneumatic run flat treaded tires
- Hopper capacity: 14 Cubic ft.
- 3" Outlet
- Power requirements:
  Double input:  30/15 AMPs each, 120 volt/60hz
  Single input:  30 AMP, 240 volt/60hz
- Output:  Fiberglass: 800-1000 lbs/hour
                  Cellulose: 2600-2800 lbs/hour
- **Power cords not included**

## (A) KRENDL 2300 BLOWING MACHINE

Specifically designed for contractors to provide
a smaller footprint while capable of blowing all brands
of cellulose and fiberglass.
Specifications:

- User-friendly electronic dashboard
- 2 HP direct drive motor/reducer
- Hopper capacity: 40 Cubic ft.
- Power requirements:
  Double input:  30/20 AMPs each,
  120 volt/60hz
  Single input: 30 AMP, 240 volt/60hz
- Output:  Fiberglass:1000 lbs/hour
  Cellulose: 3000 lbs/hour

- Double blower sytem
- Slide Out Airlock system
- Clear acrylic safety guard
  allows for easy inspection
- Built in tool holder
- 3" Outlet

- **Power cords not included**

## (B) KRENDL 2800-G BLOWING MACHINE

Specifically designed for contractors to provide a smaller footprint
while capable of blowing all brands of cellulose and fiberglass.
Specifications:

- Removable all steel airlock allows quick access for maintenance
- 18 HP Briggs & Straton V-Twin gas engine w/positive pressure
  lubrication system
- User-friendly 12V DC electric dashboard
- 5 gallon fuel tank
- Clear acrylic safety guard allows for easy inspection
- 3" Outlet
- Hopper capacity: 40 Cubic ft.
- Output:  Fiberglass: 2100 lbs/hour
  Cellulose: 3600 lbs/hour

- **Power cords not included**

## (C) KRENDL 4000-G-A

Maximize your production with your 4000-G-A all fiber machine. Designed
for low maintenance and high production, the 4000-G-A with its additional
agitation provides a large, easy loading hopper with adaptable fold-down
folding door while offering simple rugged performance. Durable powder
coat finish.

Specifications:

- Removable all steel airlock allows quick access for maintenance
- User-friendly 12 VDC electric dashboard
- Control panel with engine controls, pressure gauge and air bleed off
- 4.75 gallon fuel tank w/emergency shut off
- Hopper capacity: 62 Cubic ft.
- Positive Displacement Blower
- 4" Outlet
- Output:  Fiberglass: 2200 lbs/hour
  Cellulose: 4800 lbs/hour

## (A) FIBERFORCE TALL HOPPER W/ACCESSORIES

The ultimate machine for portability provides installers a compact machine with a detachable hopper for ease of transporting. Wireless remote, 1-15 amp circuit for complete operation.

Specifications:

- Hose - 2-1/2" x 50' (included)
- Wireless remote (range) - 250' (included)
- Gear motor - .38 HP @ 82 RPM
- Gear motor torque - 296 in/lb
- Blower (single stage) - 145 cfm / 2.8 psi
- Electrical - 115 VAC @ 14 amps  1610 Watts
- Power cord, type SJO (twist lock) - 14/3 x 50' (included)

- 2.5" Outlet
- Output:
  Cellulose: 1,050 lbs per hr
  Fiberglass: 400 lbs per hr
  Results vary by manufacturer

| KEY | SKU | DESCRIPTION | WEIGHT (LBS) |
|---|---|---|---|
| A | FFHOPPER | FiberForce Tall Hopper w/Accessories | 220 |

## (B) FORCE/2 HIGH POWER NEXT GENERATION

The ultimate machine for portability provides installers a compact machine with a detachable hopper for ease of transporting. Wireless remote, 1-15 amp circuit for complete operation.

Specifications:

- Dimensions - 30.25"D x 44.75"H
- Remote Cord - 18/4 x 100'
  - Optional Wireless remote - Up to 250'
- Hopper Capacity - 9 cu. ft.
  - Optional Hopper Ext - 13 cu. ft.
- Transmission - Custom, Direct drive
- Airlock - 12" Steel
- Blower: 115 VAC - 15 amp input, 2-stage generates over 6 psi at sea level
- Agitator motor: 1-1/2 HP 115 VAC - 15 amp input
- **Power cords not included**

- 3" Outlet
- Output:
  Cellulose: 2,400 lbs per hr
  Fiberglass: 700 lbs per hr
  Rockwool: 2,100 lbs per hr
  Results vary by manufacturer

## (C) INTEC TURBO FORCE HP3 WIRELESS

The TURBO FORCE provides users with production rates similar to truck mount systems, with the performance and precision of an Intec portable system. These units have it all for the demanding professional. Large 17 cubic foot hopper & large loading platform, dual agitation for aggressive feed and conditioning, impressive production with best-in-class wall fill rates, and Intec Quick-Access design features - including revolutionary tilt-back design—to keep your uptime at a maximum.

Specifications:

- 3" Outlet
- Electrical: 115 VAC
  3 - 15 amp circuits with hP3
  2 - 15 amp & 1-20 amp circuit with hP MAX
- Industrial Wireless Remote with 250' operating range

- TFHP3 Output:
  Cellulose: 2,475 lbs per hr
  Fiberglass: 900 lbs per hr
  Rockwool: 2,460 lbs per hr
  Results vary by manufacturer
- TFHP MAX Output:
  Cellulose: 3,200 lbs per hr
  Fiberglass: 1,200 lbs per hr
  Rockwool: 3,150 lbs per hr
  Results vary by manufacturer

- Agitator motor: TURBO FORCE & hP3:  ½ HP, 115 VAC, 7.1 amp
  TURBO FORCE hP MAX: ¾ HP, 115 VAC, 9.5 amp
- Airlock motor:  TURBO FORCE & hP3:  ½ HP, 115 VAC, 7.1 amp
  TURBO FORCE hP MAX: 1 HP, 115 VAC, 7.8 amp
- **Power cords not included**

| | IVBEAST8 | Intec Vortec BEAST 8" Inlet High-Powered Vacuum—Electric Start | 422 |

## (C) VORTEC VACSHIELD

By preventing foreign materials from entering the vacuum, both personal safety and the life expectancy of the vacuum are extended. Air sealed door provides easy access for cleaning and prevents any air leakage so vacuum can maintain its power.

| KEY | SKU | DESCRIPTION | WEIGHT (LBS) |
|-----|-----|-------------|--------------|
| C | IVSHIELD | Vortec VACSHIELD, 6" Inlet and Outlet | 28 |

## (D) WOLVERINE WV300HD VACUUM

• 14 HP Kohler OHV with 12Vdc electric start and battery (includes a 2-year warranty on the Kohler engine)

• 4" Inlet and outlet tubes

• Heavy duty impeller

| KEY | SKU | DESCRIPTION | WEIGHT (LBS) |
|-----|-----|-------------|--------------|
| D | WV300HD | Wolverine—14 HP, HD Impeller, 4" | 250 |
| | WV300HD6 | Wolverine—14 HP, HD Impeller, 6" | 250 |

## WOLVERINE PARTS

| SKU | DESCRIPTION | MIN QTY |
|-----|-------------|---------|
| WV10001 | Vacuum Part, Wolverine Impeller | each |
| WVAF | Vacuum Part, Air Filter | each |

## (B) VORTEC CANNON VACUUM

Engineered for high value generation. Powered by a 13HP Vanguard V-Twin engine. A patented impeller moves high volumes of air and insulation. Highly portable design. The shroud is made of long-lasting, double-thick abrasive resistant steel at wear areas. 6" inlet and outlet with safety flaps covering both. Dispersion inlet allows for smoother and more consistent suction from the vacuum.

| KEY | SKU | DESCRIPTION | WEIGHT (LBS) |

## (A) CONTRACTOR GRADE DRYWALL GASKET

Conformable 3/16" thick polyethylene flexible foam gasket strip (better known as sill seal). Drywall Gasket can reduce air infiltration between framing and drywall, helping to close the gaps on energy leaks. Unroll and staple to face of top and bottom plates of unfinished wall. Then apply around window and door openings before installing drywall. Larger widths for use with sealing sill plates.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| A | SS2050 | Drywall Gasket Sill Seal—2" x 50' | roll |
| | SS3550 | Sill Seal—3-1/2" x 50' | roll |
| | SS5550 | Sill Seal—5-1/2" x 50' | roll |
| | SS7550 | Sill Seal—7-1/2" x 50' | roll |

## (B) 3M VINYL FOAM SEALANT TAPE

A specially formulated pressure-sensitive adhesive system applied to a very flexible, closed cell vinyl foam. The vinyl foam tape is grey in color and has a density of 10 lb. per cubic foot.

| KEY | SKU | DESCRIPTION | ROLLS/CASE |
|---|---|---|---|
| B | TVFS1714 | 3M Vinyl Foam Sealant Tape (3/8" x 1/4") x 50' | 32 |

## (C) DOW GREAT STUFF™ GASKET FOAM

Designed to form a gasket-in-place foam where it is applied to the interior face of framing lumber, especially top and bottom plates, inside and outside corners and around rough openings. Effective at blocking air leaks past the top plate into the attic and through the bottom plate and the rim joist. Flexible and easily compressible.
- Water-based and water clean-up before cure
- Seals over rough framing features, joist hangers, strapping, etc

| KEY | SKU | DESCRIPTION | CANS/CASE |
|---|---|---|---|
| C | DGASK | Dow Drywall Gasket Foam—18oz | 12 |

*See gasket foam dispensing guns on page 12.*
## (D) MILE HIGH FOAM® BACKER ROD

Continuous lengths of flexible, round, closed cell polyethylene. Backer rod serves as a backing for elastomeric and other applied caulking sealants, controlling the depth and amount of sealant required. Black in color. All 8 sizes are shipped in an 18" x 18" x 30" box.

| KEY | SKU | DESCRIPTION | ROLLS/BOX |
|---|---|---|---|
| D | BR025 | Backer Rod—1/4" x 6400' | 1 |
| | BR038 | Backer Rod—3/8" x 3600' | 1 |
| | BR050 | Backer Rod—1/2" x 2500' | 1 |
| | BR063 | Backer Rod—5/8" x 1550' | 1 |
| | BR075 | Backer Rod—3/4" x 1100' | 1 |
| | BR088 | Backer Rod—7/8" x 850' | 1 |
| | BR100 | Backer Rod—1" x 550' | 1 |
| | BR125 | Backer Rod—1-1/4" x 400' | 1 |

## (E) GRACO ULTRA MAX 795 AIRLESS SPRAYER

The Ultra Max II 795 Standard Series electric airless sprayer has a 2.2 hp brushless DC motor to handle multiple guns and includes the industry-proven Chromex pump with 2X life, SmartControl 4.0, BlueLink Job & Sprayer Management System, the lightweight and easy-to-use Contractor PC gun and more.

| KEY | SKU | DESCRIPTION | QTY |
|---|---|---|---|
| E | GR17E579 | Ultra Max II 795 Sandard Series Airless Sprayer | each |

## (F) ECOSEAL PLUS™ ELASTOMERIC SEALANT

ECOSEAL Plus™ with Gasket Pro Technology is a fast-drying, water-based elastomeric spray that seals penetrations and joints in the building envelope, as well as provides a gasket between studs and drywall. Dries to a flexible but tough film and has great bond strength with low odor and zero V.O.C. Should be used with Knauf EcoBatt® Insulation or blowing insulation. Meets or exceeds all state and federal VOC requirements for architectural sealants; VOC: 0

NEW!

## (A-C) WOOD HANDLE BATT KNIFE

General purpose professional cutting tool. 1" wide high carbon steel blade. Precision machine-ground cutting edge. With smooth wooden handle, this product won't get hung up on the insulation.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| A | 60450 | Batt Knife with Wood Handle—4" | each |
| B | 60630 | Batt Knife with Wood Handle—6" | each |
| C | 60780 | Batt Knife with Wood Handle—8" | each |

## (D-E) BLACK DRAGON BATT KNIFE

General purpose professional cutting tool. 1" wide high carbon steel blade. Precision machine-ground cutting edge. Ergonomically engineered soft grip handles for positive grip and more powerful cutting. Designed with finger stops for maximum leverage and added safety. No-roll handle shape. Textured grip resists sliding in your hand or on inclined surfaces. LIFETIME GUARANTEE that blade will not separate from handle.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| D | 60110 | Black Dragon Batt Knife—6" | each |
| E | 60115 | Black Dragon Batt Knife—8" | each |

## (F) VINTOOL BATT KNIFE

Designed by an insulation contractor to be "The Best on the Market." It has a 4" replaceable cutting blade with a soft grip handle. Blade is seated in utensil with set screws. The end of the handle has a small screw driver mounted in it for convenience when changing blades. Extra blades can be stored inside the handle. Comes with 5 blades and a leather sheath that will fit most belts.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| F | VT400 | Vintool Batt Knife with Leather Sheath—4" | each |

## (G) BLADES FOR VINTOOL BATT KNIFE

With the storage compartment in the handle of the Vintool you can load an entire tube for quick and easy change outs. USA made.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| G | VTBLADE | Vintool Blades—4" (10/tube) | 1 tube |

## (H) LEATHER BATT KNIFE SHEATH

Custom-made and designed to accommodate both 6" and 8" batt knives. It can be used for Black Dragon or wood handle knives. With riveted stress points, this rigid accessory leaves no part of the blade exposed, thus preventing accidental injuries.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| H | 56500 | Leather Batt Knife Sheath—8" x 2" | each |
## (A) FIXED BLADE UTILITY KNIFE

Stays in one fixed position with blade extended. All metal heavy duty handle with blade storage. USA made—high quality.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| A | UKFB | Utility Knife, Fixed Blade | each |

## (B) RETRACTABLE BLADE UTILITY KNIFE

Retracts for safety and convenience. All metal heavy duty handle with blade storage. USA made—high quality.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| B | UKRB | Utility Knife, Retractable Blade | each |

## (C) OLFA XHD CUTTER KNIFE

Extra heavy duty sure grip cutter features a ratchet wheel blade lock to prevent slipping and a rubber grip insert for positive handle control. Knife body is GUARANTEED FOREVER.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| C | UKH1 | OLFA XHD Cutter with Rubber Grip Insert | each |

## (D) UTILITY KNIFE BLADES

USA made of the finest quality steel. In boxes of 100 blades, they come wrapped in five-blade packages for safety and convenience.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| D | UB100 | Utility Blades, Standard Size, 5/pkg , 20 pkg/box | 1 box |

## (E) OLFA XHD RETRACTABLE BLADES

Extra heavy duty snap-off replacement blades. Each blade is produced using OLFA's precise multi-step production process for amazing sharpness and superior edge retention. Easily handles cutting through difficult materials. Seven cutting edges per blade strip. 20-pack features 140 cutting edges.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| E | UB20B | OLFA XHD Blades (20/pkg) | 1 pkg |

## (F) LEATHER BELT

Adjusts up to a 46" waist and is 2" wide.

|---|---|---|---|
| G | TP102 | Tool Pouch, 2-Pocket Insulator's Pouch | each |

A

## (A) DRAFTMASTER ATTIC STAIRWAY INSULATORS

The Draftmaster Attic Stairway Insulator insulates and seals the drop down attic stairway. Offers R-Value of 15, reflects 96% of radiant heat. They offer a no-trip opening and easy open zipper. The seams are double stitched for extra support increasing the product's lifespan. Installs in 5 minutes or less. Draftmasters utilize radiant foil on both sides of the insulator, not just one side. 10-year warranty.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| A | AI542416 | Draftmaster Attic Stairway Insulator, 54" x 24" x 16" | each |
| | AI542616 | Draftmaster Attic Stairway Insulator, 54" x 26" x 16" | each |
| | AI5422 | Draftmaster Attic Stairway Insulator, 54" x 22" x 12" | each |
| | AI5426 | Draftmaster Attic Stairway Insulator, 54" x 26" x 12" | each |
| | AI5430 | Draftmaster Attic Stairway Insulator, 54" x 30" x 12" | each |
| | AI6030 | Draftmaster Attic Stairway Insulator, 60" x 30" x 15" | each |

## (B) PULL DOWN LADDER JACKET WITH POCKET

This easy-to-install insulator closes the insulation gap created by attic stair access. The insulator is comprised of durable, highly reflective foil. There is no assembly required. The lightweight design provides comfort for your home year-round. The insulator is available with a patented insulation chamber that provides high thermal value over the attic stairway/ladder entrance.

• Tested for ASTMC518 and is rated up to R58

• Very durable – comes with SCRIM protection

• 99.8% aluminum material

• Class "A" fire rated

• Class 1 vapor retardant

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| B | SES542210P | 54" x 22" x 10" Pocket Attic Stairway Jacket | each |
| | SES542610P | 54" x 26" x 10" Pocket Attic Stairway Jacket | each |
| | SES543016P | 54" x 30" x 16" Pocket Attic Stairway Jacket | each |

*For horizontal installation—designed to seal pull-down stair openings.*

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| | SESKWP | 48" x 24" x 3" Pocket Knee Wall Jacket | each |

*For vertical installation—designed to seal knee wall doors.*
## (C) INSUL-DOOR

The Insul-Door is a perfect replacement for old plywood attic doors. Packing carton reverses to make a dam around the hole to keep the insulation in the attic. Shipped 24" x 32" x 8" thick, cut to size. R30 R-Value.

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| C | IDR30 | 24" W x 32" L x 8" Thick—R30 | each |

## (A) TENMAT RECESSED LIGHT COVERS

Made out of a fire-resistant mineral wool that exhibits excellent thermal insulating properties. Compatible with sprayed foam insulation, low-density foam, blown-in insulation and lay-in insulation. Can be used with IC-rated and non-IC-rated lights.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| A | FF130E | 15"L x 14"W x 9"H | each |
| | FF135 | 16-1/2" Diameter x 11"H | each |

A

## (B) INSUL-SHIELD

Your best protection against fire caused by heat build-up from insulating over or too close to non-IC-rated recessed lights, or other heat-producing fixtures. 14" x 24' roll makes about six to eight shields.
- Lightweight 30-guage aluminum material
- Safe for use with cellulose, fiberglass and rockwool insulation

| KEY | SKU | DESCRIPTION | MIN QTY | ROLLS/CARTON |
|-----|-----|-------------|---------|--------------|
| B | IS1424 | 14" H x 24' L Roll | 1 roll | 12 |

B

## (C) POLY RECESSED LIGHT COVER

A great way to get an airtight seal over IC-rated recessed lights for new or retrofit applications. Not to be used on non-IC-rated lights.
- Made of an extra heavy grade of polyethylene film
- Pre-formed to fit over most light cans

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| C | SVB18 | 12"W x 18"L x 8"H | each |

C
## (D) THE INSUL-LITE® PRO PLUS RECESSED LIGHT COVER

Fire retardant cover designed to allow the installer to insulate safely and effectively around recessed lights. When installed, the Insul-Lite® allows insulation to be placed as close to the light or heat producing fixture as possible without the risk of fire. Use solid covers for IC-rated lights only.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| D | IL10S | 10" x 10" x 12", 25/pack | each |
| | IL12S | 12-1/2" x 12-1/2" x 14", 25/pack | each |

D

## (E) SUPERIOR F2 FACING

Superior F-2 radiant insulation is composed of aluminum foil laminated with flame retardant adhesive to both sides of 100 lb Kraft paper.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| E | CANLIGHTF2255 | 100 lb Kraft Paper Roll 25-1/2" x 118' | each |

## (F-G) CANCOVERIT™ RECESSED LIGHT COVER

CanCoverIt™ is essential to ensure maximum comfort and building envelope performance. CanCoverIt™ even helps protect and maximize LED bulb life. Use on non-IC-rated recessed lights, IC recessed lights, LED inserts, bathroom exchange fans, speakers and more! Eliminates drafts, maximizes building insulation, protects against pests and moisture, and reduces load on HVAC systems. Unique design controls airflow and stops thermal conductance, providing the optimum protection needed to fully insulate for all climates. CanCoverIt™ Universal Series has pop-out vents to allow installation on a wide range of fixtures, designed for safe use with Non-IC recessed lights. CanCoverIt™ Low Profile series is air-tight with a shorter height specifically designed for IC-rated fixtures. Both CanCoverIt™ series ship flat, pop open and install in seconds!

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| F | CANCOVERU | Universal Cover—14" x 14" x 22"H | each |
| G | CANCOVERLP | Low Profile Cover—14" x 14" x 12"H | each |

G
## (A) THE INSTALLER

The batt installer screws onto the tip of the BI7710 and BI6512 extension poles, allowing for easy installation of pressure-fit batt insulation and wire batt supports in both overhead and wall installations. Sold in pairs only.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| A | BI102 | The Installer, Batt Installation Tool | pair |

## (B) SMART-LOK® EXTENSION POLES

Quickly change roller frames or other tools with the push of a button for Quick-on/Quick-off action.

- Heavy-duty composite fiberglass handle
- Patented locking device

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| B | BI7710 | Smart-Lok Extension Pole—5' to 9' | each |

## (C) TWIST LOCK® EXTENSION POLES

Combination smooth composite fiberglass handle and aluminum tube for balance. Die cast metal 3/4" (2 cm) threaded end and heavy duty chuck and collet locking device.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| C | BI6512 | Twist Lock Extension Pole—6' to 12' | each |

## (D) PRO WALL STRAPPING MATERIAL

This material is ideal for supporting fiberglass batts and is a true economic alternative to duct strapping. Made from 100% polyester so there is a low propensity for mold growth.

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| D | PW402250 | ADO Pro Wall—2" x 250' | roll |

## (E) WIRE BATT SUPPORTS
### (also known as tiger teeth, wire stays and lightning rods)

Fastest, most economical method of installing roll and batt type insulation. Made of high tensile wire with angle cut to dig into wood. When installing batt supports space them 12" to 16" apart.

- Spring wire supports install with a twist of the wrist
- Holds permanently in floors, walls and ceilings

| KEY | SKU | DESCRIPTION | QTY/BOX |
|-----|-----|-------------|---------|
| E | BS120 | Wire Batt Supports—12" | 500 |
| | BS160 | Wire Batt Supports—16" | 500 |

| | BS260 | Wire Batt Supports—26" | 500 |
| | BS280 | Wire Batt Supports—28" | 500 |

## (A) INSUL-HOLD

Unique design simplifies installation. Insulation is impaled on the 2-1/2" arrow prongs which are on 8" centers. Use with either 16" or 24" OC. Product is .025 to .028 thick and 1" wide. It is cold rolled and hot dipped galvanized with a dry finish.
• Holds rigid or batt insulation
• Doubles as reinforcement strapping

| KEY | SKU | DESCRIPTION | MIN QTY |
|-----|-----|-------------|---------|
| A | IH660 | Insul-Hold—100' Roll | 1 Roll |

## (B) STANDARD INSULATION ANCHORS

Glued in place and used to support rigid board and batt type insulation on wall and ceiling applications. The anchors incorporate a 12-gauge spindle (nail) and a 2" x 2" square perforated base made of low carbon steel, galvanized coating.

| KEY | SKU | DESCRIPTION | QTY/CARTON |

## (A-B) SUR-PRO SUR-STILTS AND SUR-PRO QUADLOCK SINGLE-SIDED

Top-of-the-line adjustable height stilts. Spring tension (individually adjustable for natural leg movement) gives exactly the right "feel." Telescoping legs slide smoothly for quick and easy adjustment without tools. Strap and shoe adapters included. Available in aluminum or magnesium—magnesium components offer enhanced durability and save 2 lbs. in weight per pair of stilts. The new Quadlock design incorporates an improved heel strap system, side pole key locks, double wingbolts, and an interlock system all adding to the safety and overall comfort of the stilts (not available in the 15"-23" sizes).

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|

## Sur-Pro

## (C-D) SUR-PRO SUR-STILTS AND SUR-PRO QUADLOCK DOUBLE-SIDED

The next generation of stilts! Double-sided Sur-Stilts surpass the capabilities of traditional stilts by providing:

• Better balance and safety   • Less fatigue   • More productivity

Available in aluminum or magnesium—magnesium components offer enhanced durability and save 2 lbs in weight per pair of stilts. The new Quadlock design incorporates an improved heel strap system, side pole key locks, double wingbolts, and an interlock system all adding to the safety and overall comfort of the stilts (not available in the 15"-23" sizes).

| KEY | SKU | DESCRIPTION | MIN QTY |
|---|---|---|---|
| C | SPII1830AP | Double-Sided Sur-Pro Quadlock—18" - 30" | 1 pair |
| | SPII2440AP | Double-Sided Sur-Pro Quadlock—24" - 40" | 1 pair |
| D | S21523MP | Double-Sided Sur-Pro Sur-Stilts, Magnesium—15" - 23" | 1 pair |
| | SPII1830MP | Double-Sided Sur-Pro, Quadlock Magnesium—18" - 30" | 1 pair |
| | SPII2440MP | Double-Sided Sur-Pro, Quadlock Magnesium—24" - 40" | 1 pair |
