

**Aqueos Corporation and
Otto Candies, LLC
Enter into Charter
Agreement for the *DSV
Kelly Ann Candies***

FOR IMMEDIATE RELEASE

Contact: Tracy Godeaux, Sales Coordinator
(337) 714-0033

Broussard, LA (May 1, 2019) – Aqueos Corporation, a provider of manned diving and other subsea services in the Gulf of Mexico, West Coast and select International Regions and Otto Candies, LLC a provider of Diving Support Vessels, ROV-IMR equipped vessels, and DP offshore supply vessels on a world-wide basis, have entered into a multi-year agreement for the charter of the ***DSV Kelly Ann Candies***, a USA built multi-role DP-2 Diving Support Vessel. This high spec vessel has a built-in 14-man Draeger Saturation Diving System complete with 3-man bell, moon-pool bell launch with cursor, Self Propelled Hyperbaric Lifeboat (SPHL), 60-ton crane and berthing for 76 persons. In addition, the vessel has a Canyon Offshore Work Class ROV with an in-built, integrated ROV Control Room and an ABS Classed, IMCA complaint Surface Air Diving System. In addition, Aqueos has secured a dedicated Hyperbaric Rescue Facility (HRF) and a Life Support Package (LSP) to accommodate the SPHL in case of an emergency vessel evacuation. The vessel is Jones Act Complaint, fuel efficient and is well suited to support clients in the GOM, Trinidad/Tobago, Mexico and the surrounding regions including West Africa.

Aqueos Corporation has incorporated a “One Team Approach” between vessel and dive crew and has also added valued business partners, Canyon Offshore for ROV services, T. Baker Smith for the provision of survey and vessel positioning and Unique Hydra for the provision of the HRF.

Ted Roche, President and CEO of Aqueos Corporation, stated “We felt that there was a void in the GOM and surrounding regions for the provision of a high spec, Jones Act complaint, DP2 Saturation Diving Vessel. To that end, we are thrilled to be partnering with Otto Candies in chartering the ***DSV Kelly Ann Candies***. This is a fantastic, extremely efficient vessel which meets the high specifications and safety expectations of Aqueos and our customer base. Additionally, this is a great opportunity for two quality companies sharing the same core values of safety, to collaborate in providing enhanced services, increasing our respective market shares and expanding our global footprint to our valued customers.”

Roche further commented “Otto Candies is an extremely well-run company with significant assets, excellent leadership and it is well aligned with Aqueos’ guiding principles of safety for our people, quality based technical solutions and best in class service to our clients.”
