

**FOR IMMEDIATE RELEASE**

## **North America's Leading Provider of Used Industrial Laundry Machinery Expands Operations into the Midwest**

*The Laundry List will open a new facility in St. Louis, Missouri*

**CALABASAS, Calif. – February 3, 2023** – [The Laundry List](https://www.thelaundrylist.com), the leading seller of used industrial laundry machinery in North America, is pleased to announce its expansion into the Midwest with the addition of their new location in St. Louis, Missouri. This move is a result of the company's continued commitment to providing exceptional service to its customers and expanding its reach to better serve their needs.

The Laundry List chose St. Louis as its new location due to its central location in the country, which will better assist the company in helping all its customers throughout North America. Led by Gerald Snider, VP of Engineering & Technology, this new facility will provide the company with a rebuild shop, larger warehouse for inventory, an extensive parts department and serve as the home for their Service Department.

"We are very excited to be expanding our operations into the Midwest," said Brian Cohen, President of The Laundry List. "We have always been dedicated to providing our customers with the best possible experience. This new location will allow us to bring even more value. Our goal is to help our customers grow their businesses and improve their operations, and we are confident that this new location will help us achieve that goal."

The Laundry List specializes in selling used industrial equipment, including Washing Systems, Flatwork Feeders, Folders & Ironers, Material Handling, and Power Plants. In addition to its machinery sales, the company provides a range of services, including plant decommissions, installations, asset relocations, equipment servicing and training as well as parts sales.

The Laundry List's team of engineers has decades of experience in building and operating successful and efficient laundries, bringing a level of expertise and skill to the industry that is unmatched.
