FOR IMMEDIATE RELEASE

June 13, 2017

Clean™ 2017 Numbers Best in Years

Celebrating 40 years since its inception, the Clean Show, held June 5-8 at the Las Vegas Convention Center, had an impressive showing at its 2017 event. Official attendance was 12,563.

The show's exhibit floor was sold out at 227,006 net sq. ft. This is the largest square footage since the 2007 30th anniversary show in Las Vegas. The Clean Show gives attendees an opportunity to see and compare working equipment to determine what best meets their needs.

Almost all of the 22 educational sessions over more than 25 hours were filled to capacity. Sessions, sponsored by industry associations, were presented by experts in all facets of the textile care industry. Education sessions, which outside the show generally require fees, are included in the show's registration fee offering a substantial saving to attendees.

Living up to its official name, World Educational Congress for Laundering and Drycleaning, attendees came from around the world. International attendees numbered 2,271 representing 96 countries outside the US.

Compared with Clean 2015, registration was up from 11,264, and exhibit space was up from 197,400.

Clean 2019 is scheduled for New Orleans June 20-23, 2019. The show will return to Atlanta in 2021.

The biennial Clean Show is the world's largest exhibition of textile care products featuring working equipment. It is sponsored by five national industry associations: Association for Linen Management, Coin Laundry Association, Drycleaning & Laundry Institute, Textile Care Allied Trades Association and Textile Rental Services Association of America.
