

Lockout/Tagout Safety Essentials

In association with The California League of Food Processors:

Cost: AgSafe and CLFP Members-\$60

Non-Members -\$85

English: 8 a.m.-12 p.m.

Spanish: 1 p.m.-5 p.m.

An effective and thorough lock out/tag out program is an essential element to minimizing hazardous energy and maintaining a company's safety program. This course:

- Provides an overview of the regulatory requirements
- Covers basic hazardous energy safety procedures
- Identifies practical implementation tools.

The AgSafe Board of Directors reserves the right to impose limitations on the participation of members, member's employees, sponsors, participants, attendees or their guests at any AgSafe function as the result of conduct or the manner or mode of participation which is unlawful, offensive, objectionable or contrary to AgSafe's mission or values. Such limitations can include but are not limited to rejection or ejection of a member, member's employee, participant, sponsor or guest or other reasonable methods that are consistent with this policy including refusal of admittance where deemed in the best interest of AgSafe or its member or guests.

Keeping Farmworkers Safe and Healthy

Fundamentos de Cierre y Etiquetado de Seguridad

En Asociación con la California League of Food Processors:

Costo: AgSafe and CLFP Miembros-\$60

No Miembros -\$85

inglés: 8 a.m.-12 p.m.

español: 1 p.m.-5 p.m.

Un programa con un procedimiento eficaz y completo de cierre o bloqueo y etiquetado de máquinas es un elemento esencial para el plan de seguridad de una empresa. No solo es requerido por los reglamentos estatales y federales, sino que también evita que los trabajadores sostengan lesiones graves y salva vidas. Este curso:

- Ofrece un repaso general de los requisitos, reglamentarios, procedimientos básicos de seguridad
- herramientas prácticas de implementación
- y les proporciona a los participantes ejemplos de procedimientos y listas de verificación.
