Oppose

Summary: Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of his or her employment. Existing law, for injuries that cause permanent partial disability and occur on or after January 1, 2004, provides supplemental job displacement benefits in the form of a nontransferable voucher for education-related retraining or skill enhancement for an injured employee who does not return to work for the employer within 60 days of the termination of temporary disability, in accordance with a prescribed schedule based on the percentage of an injured employee's disability. Existing law provides an exception for employers who meet specified criteria. This bill would provide that the above provisions shall apply to injuries occurring on or after January 1, 2004, and before January 1, 2012. This bill contains other related provisions.

AB 634 (**Huber D**) **Vertebrate pest control: carbon monoxide.**

Watch

Summary: Existing law regulates pesticide use and generally provides that, except for specified provisions that are within the jurisdiction of the Secretary of Food and Agriculture, the enforcement of these provisions is the duty of the Director of Pesticide Regulation. This bill would authorize the use of carbon monoxide for the control of burrowing rodent pests, only until January 1, 2018, and only if the carbon monoxide delivery device is permanently affixed with a specified warning label in plain view of the operator, subject to specified provisions governing (1) the protection of endangered species, (2) the mode of taking a fur-bearing animal, and (3) pest control operations and the use of agricultural chemicals, as specified. This bill contains other related provisions and other existing laws.
