**HOT
Support**

Summary: Existing law provides for the licensure and regulation of structural pest control operators by the Structural Pest Control Board within the Department of Pesticide Regulation. This bill would prohibit a city, county, or city and county from prohibiting a licensee of the board from engaging in the particular business, occupation, or profession for which he or she is licensed.

SB 394 (**DeSaulnier D**) **Healthy Schools Act of 2011.**

Introduced: 2/16/2011

Status: 5/28/2011 - Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/23/2011)

Location: 5/28/2011 - S . 2 YEAR

**HOT
Oppose**

Summary: Existing law, the Healthy Schools Act of 2000, requires that the preferred method of managing pests at schoolsites, as defined, is to use effective, least-toxic pest management practices and requires schoolsites to maintain records of all pesticides used at the schoolsite for a period of 4 years. Existing law requires schools to provide all staff and parents or guardians of pupils enrolled at a school written notification of, among other things, expected pesticide use at that schoolsite. These provisions also require the Department of Pesticide Regulation to establish an integrated pest management training program in order to facilitate the adoption of a model Integrated Pest Management program and least-hazardous pest control practices by schoolsites. This bill would enact the Healthy Schools Act of 2011. The bill would require all schoolsites, as defined and except as specified, to send at least one person to one of the Department of Pesticide Regulation trainings at least once every 3 years. Because this provision would impose additional duties on local public employees, the bill would impose a state-mandated local program. The bill would further authorize a person from a single school district to attend the training on behalf of multiple schoolsites within that school district. This bill contains other related provisions and other existing laws.

Oppose

Summary: Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of his or her employment. Existing law, for injuries that cause permanent partial disability and occur on or after January 1, 2004, provides supplemental job displacement benefits in the form of a nontransferable voucher for education-related retraining or skill enhancement for an injured employee who does not return to work for the employer within 60 days of the termination of temporary disability, in accordance with a prescribed schedule based on the percentage of an injured employee's disability. Existing law provides an exception for employers who meet specified criteria. This bill would provide that the above provisions shall apply to injuries occurring on or after January 1, 2004, and before January 1, 2012. This bill contains other related provisions.

[AB 634](#)

(Huber D) Vertebrate pest control: carbon monoxide.

Introduced: 2/16/2011

Status: 9/8/2011 - In Assembly. Concurrence in Senate amendments pending. Senate amendments concurred in. To Engrossing and Enrolling.

Location: 9/8/2011 - A . ENROLLMENT

Watch

Summary: Existing law governs the regulation of pesticide use and generally provides that, except for specified provisions that are within the jurisdiction of the Secretary of Food and Agriculture, the enforcement of these provisions is the duty of the Director of Pesticide Regulation. This bill would authorize the use of carbon monoxide for the control of burrowing rodent pests, only until January 1, 2018, and only if the carbon monoxide delivery device is permanently affixed with a specified warning label in plain view of the operator, subject to specified provisions governing (1) the protection of endangered species, (2) the mode of taking a fur-bearing animal, and (3) pest control operations and the use of agricultural chemicals , as specified . This bill contains other related provisions and other existing laws.
