Through years of hard work and dedication to these two guiding principles we have built a highly reputable business that sells hockey products throughout the world. Over the past few years, we have expanded our operation to include Blackout pro stock sticks, liquidation services or bulk purchases, and anything else where we can deliver a great deal to our loyal following!

You will spend much of your day on your feet. We are a small business and rely on everyone stepping up in different areas when necessary. Our priority is to hire someone to work our busiest weekend hours, but weekday shifts could potentially be available as well for the right candidate.
