

2021 Women Leaders in the Dam & Levee Industry – Spring 2021 Bulletin

PURPOSE: USSD is spotlighting exceptional women professionals in the dam and levee industry who have achieved success through their invaluable leadership, innovation and commitment to the dam and levee industry. The goal: recognize the women who are driving change within the industry and breaking down barriers and creating new possibilities for the next generation of dam and levee professionals. **This is not a competition**

CRITERIA:

- Be a member of USSD
- Demonstrated success within the profession and industry
- Affect positive change within the profession
- Exhibit willingness to share expertise with others in the field, including mentoring or serving as a role model for professionals in the dam and levee industry
- Give back to their community and profession through such activities as sitting on boards, committees, volunteering, and donating time and expertise to help others

All submission forms are due to Sharon Powers at sharon@ussdams.org no later than Dec. 1.

The USSD Bulletin Editorial Committee will review all submissions and select those that will appear in the spring 2021 issue. The committee reserves the right to accept all, any or none based on the quality of submissions. Due to space limitation, not all submissions may be selected for this issue and may be held for future publications.
