

Join the ABLE Network

The Able Trust is excited to announce the launch of the **ABLE Network** (A Business Leadership Exchange). The ABLE Network is created to support Florida businesses as they strive for a disability inclusive workforce. It is made up business leaders who have a desire to share their diversity & inclusion experiences and to learn from other colleagues. The ABLE Network is a B2B/peer-to-peer network, and operates primarily through local leadership groups. The network also engages with the Able Trust's statewide workforce inclusion initiatives.

ABLE Network members have the opportunity to:

- Learn proven strategies to advance disability inclusion in the work- and marketplace;
- Cultivate relationships between business, community, and academic partners; and
- Become thought leaders for disability workforce and marketplace inclusion.

We are currently recruiting business leaders who want to be a part of growing the ABLE Network in their local area, and we know that listening is the first step. This fall we are holding a series of virtual "Listening Sessions" to solicit input on how an ABLE Network could meet your specific diversity & inclusion needs. **Register today, as spots are limited.**
