

Call For Papers

ISEE Conference 2023
Grand Hyatt San Antonio

Riverwalk, San Antonio, Texas.

Deadlines

April 18, 2022

Abstract submissions open.

May 13, 2022

Last day for submission of abstracts.

June 17, 2022

Notification of abstract acceptance.

August 12, 2022

Last day to submit completed papers.

October 7, 2022

Notification of paper acceptance.

October 28, 2022

Registration deadline for authors.

February 5 - 8, 2023

Presentation of papers.

49th Annual Conference on Explosives & Blasting Technique

Call for Papers

The International Society of Explosives Engineers' Conference Program Committee is issuing an industry wide Call for Papers to be presented at the 49th Annual Conference and published in the Conference Proceedings.

Here's your chance to share your techniques, strategies, solutions, product innovations, and research discoveries with your peers.

Ideas should be submitted in the form of a 200-400 word abstract (summary) highlighting the major points of your 8 - 12 page paper. Papers may not be commercial in nature.

Abstracts must be submitted by completing the online abstract submission information by **May 13, 2022**. The submission site, guidelines, instructions and deadlines can be viewed at www.isee.org. Please contact us if you do not receive confirmation within two weeks of submitting your abstract. Chapter sponsored papers must be submitted by the deadline.

Suggested Topics

Papers addressing all explosives, vibration, blasting and drilling related topics are requested. Papers addressing the following topics are specifically invited:

- Blasting Safety and Explosives Security
- Environmental Improvement
- Drill to Mill Optimization
- Quarry Blasting
- Digital Imaging and Analysis
- Blast Vibration and Seismology
- Cast Blasting and Open Pit
- Construction Blasting
- Unmanned Aircraft Systems (UAS)
- Fragmentation Modeling/Measurement
- Driller/Blaster Communication
- Public and Media Relations
- Risk Assessment/Legal
- Close Proximity Blasting
- Demolition Blasting
- Underwater Blasting
- Underground Blasting
- Electronic Detonators
- Explosives for Oil Extraction
- Blast Design
- Blasting and Explosives Research
- Basic Drilling Practices
- Case Histories: Problems & Solutions

**Abstract Deadline
May 13, 2022**
