April 28, 2023

Last day for submission of abstracts.

May 14, 2023

Notification of abstract acceptance.

July 14, 2023

Last day to submit completed papers.

September 1, 2023

Notification of paper acceptance.

September 29, 2023

Registration deadline for authors.

Week of January 22, 2024

Presentation of papers.

50th Annual Conference on Explosives & Blasting Technique

Call for Papers

The International Society of Explosives Engineers' Conference Program Committee is issuing an industry wide Call for Papers to be presented at the 50th Annual Conference and published in the Conference Proceedings.

Here's your chance to share your blasting challenges, techniques, strategies, solutions, product innovations, and research discoveries with your peers.

Ideas should be submitted in the form of a 200-400 word abstract (summary) highlighting the major points of your work. Please note that papers may not be commercial in nature.

Abstracts must be submitted by completing the online abstract submission information by **11:00pm US Eastern Time, April 28, 2023**. The submission site, guidelines, instructions and deadlines can be viewed at www.isee.org/conferences/2024-conference. Please contact us if you do not receive confirmation within two weeks of submitting your abstract.

Suggested Topics

Papers addressing all aspects of explosives usage are welcome. Blasters are encouraged to submit papers showcasing unique or interesting examples of their work. (Blasters will be given special consideration during the review process.)

- Blast Modeling and Design
- Blast Vibration and Seismology
- Blasting and Explosives Research
- Blasting Safety and Explosives Security
- Case Histories: Problems & Solutions
- Construction and Demolition Blasting
- Digital Imaging and Analysis
- Drill to Mill Optimization
- Drilling Practices
- Drone Applications for Drilling and Blasting Optimization
- Environmental Improvement
- Fragmentation Modeling & Measurement
- Novel Blasting Techniques & Applications
- Public and Media Relations
- Surface and Underground Blasting
- Underwater Blasting

**Abstract Deadline
April 28, 2023**
